Location Study Report

Conceptual Only
Subject to Change in Preliminary Design

Missouri Route 45
(I-435 to Route 9)

Platte County

Prepared for
Missouri Department of Transportation

Prepared by
URS Team

August 2007

MoDOT Project Number J4U1108B

Table of Contents

1 PROJECT DESCRIPTION AND PURPOSE AND NEED

1.1 Introduction…….. 1

1.2 Project Description…….. 1

1.2.1 Project History…….. 1

1.2.2 Program Data…….. 1

1.2.3 Description of Existing Transportation Facility …… 1

1.3 Overview of Purpose and Need…… 2

1.3.1 Purpose of the Project…….…… 3

1.3.2 Need for the Project……..…… 3

1.3.2.1 Capacity…….. 3

1.3.2.2 System Linkage …… 3

1.3.2.3 Transportation Demand…… 3

1.3.2.4 Accommodate Economic Development …… 3

1.3.2.5 Traffic Safety…….. 4

1.3.2.6 Undesirable Roadway Features …….. 5

2 INITIAL IMPROVEMENT ALTERNATIVES

2.1 Definition of Initial Alternatives……8

2.1.1 Alternative 1 - No Build…… 8

2.1.2 Alternative 2 - TSM/TDM Alternative…… 8

2.1.3 Alternative 3 – Build Improvements on Existing Alignment…….. 8

2.1.4 Alternative 4 – Build New Parallel Facility to the North……. 8

2.1.5 Alternative 5 – Build New Parallel Facility to the South……. 8

2.2 Screening and Evaluation of Initial Alternatives…….. 8

2.2.1 Alternative 1 - No Build…… 10

2.2.2 Alternative 2 - TSM/TDM Alternative…… 10

2.2.3 Alternative 3 – Build Improvements on Existing Alignment…….. 10

2.2.4 Alternative 4 – Build New Parallel Facility to the North……. 10

2.2.5 Alternative 5 – Build New Parallel Facility to the South……. 10

2.3 Reasonable Alternative Retained for Detailed Analysis……..…… 10

3 REASONABLE IMPROVEMENT ALTERNATIVES

3.1 Definitions of Reasonable Alternatives…… 11
3.1.1 Alternative A……. 12
3.1.2 Alternative B……. 12
3.1.3 Alternative C……. 12

3.2 Design Criteria…… 13

3.3 Traffic Summary…….. 14

3.4 Hydrology and Hydraulic Summary…….. 14

3.5 Utility Relocation…….. 14

3.6 Evaluation of Reasonable Alternatives……. 15

3.7 Reasonable Alternative Cost Summary…….. 16

3.8 Summary and Preferred Alternative Recommendation……. 16

3.9 Value Engineering Summary……. 16

3.10 Environmental Consequences Summary……. 19
3.10.1 Socioeconomic Resources……. 20
3.10.1.1 Land Use……..……. 20
3.10.1.2 Displacements and Socioeconomic Impacts……..... 20
3.10.2 Natural and Cultural Resources……. 20
3.10.2.1 Farmland Impacts……...……. 20
3.10.2.2 Wetland Impacts……..……. 20
3.10.2.3 Water Quality Impacts……. 20

3.10.2.4 Floodplain Impacts……. 20
3.10.2.5 Air Quality Impacts……. 21
3.10.2.6 Noise Impacts……. 21
3.10.2.7 Cultural Resources/Section 4(f) Historic Sites…… 21
3.10.2.8 Hazard Waste Sites……. 21
3.10.2.9 Parklands and Section 4(f)/6(f)……. 21
3.10.2.10 Threatened and Endangered Species…….. 22

3.11 List of Commitments…….. 22
3.11.1 Commitments for the Route 45 Corridor…….. 22

4 PUBLIC INVOLVEMENT SUMMARY

4.1 Public Survey……. 24

4.2 Stakeholder Briefings……. 24

4.3 Public Meetings……. 24

4.4 Newsletters……. 25

4.5 Web Site……. 25

4.6 Project Core Team Meetings……. 26

4.7 Future Public Involvement Activities…… 26

Appendix A Report Exhibits
Appendix B Traffic Analysis Summary
Appendix C Traffic Crash and Safety Data Information Protection
Appendix D Public Involvement Transcripts and Exhibits
