

MoDOT - District 6 Traffic General Permit Information

A Permit for Work on Right of Way is Required for:

- Construction of new entrances
- Reconstruction of existing entrances (change in width, grade, location, etc)
- Grading
- Landscaping
- Irrigation installation
- Utility installation
- Signal installation or modifications
- Traffic control

How to Obtain a Permit for Work on Right of Way:

- Submit request with 2 full size sets of plans to Area Traffic Specialist for review.
- Once plans are approved, a total of 3 full size sets of plans and a pdf will be required.
- A surety deposit will be required for most permits, which is refundable once the work is completed and inspected and accepted by MoDOT.
- The permit will be issued from our Main Permit Office located at 14301 South Outer Forty, Chesterfield, MO 63017.
Hours are Monday-Friday 7:30am-11:30am and 12:00pm-3:30pm.

Once You Receive Your Permit:

- Call before you Dig 1-800-344-7483 for location of underground facilities.
- Submit the lane closure request form to MoDOT, 2 working days prior to any lane closures.
- Set up a pre-construction meeting with Area Traffic Specialist.
- Keep copy of permit and permit approved plans on the job site at all times.
- Call Area Traffic Specialist when work is complete for a final inspection.
- Area Traffic Specialist will inspect work and clear permit.
- The surety deposit will be refunded 3-4 weeks after the Area Traffic Specialist has inspected and accepted the work.
