

FENTON
CITY OF PARKS

September 5, 2017

Dear Consultant,

The City of Fenton is requesting the services of a consultant engineering firm to perform the described professional services for the project included on the attached list. If your firm would like to be considered for these consulting services, you may express your interest by responding to the appropriate office, which is indicated on the attachments. Limit your letter of interest to no more than 10 pages. This letter should include any information which might help us in the selection process, such as the persons or team you would assign to the project, the backgrounds of those individuals, and other projects your company has completed or are now active.

DBE firms must be listed in the MRCC DBE Directory located on MoDOT's website at www.modot.gov, in order to be counted as participation towards an established DBE Goal. We encourage DBE firms to submit letters of interest as prime consultants for any project they feel can be managed by their firm.

It is required that your firm's Statement of Qualifications (RSMo8.285 through 8.291) and an Affidavit of Compliance with the federal work authorization program along with a copy of your firm's E-Verify Memorandum of Understanding (15 CSR 60-15020) be submitted with your firm's Letter of Interest.

We request all responses be received by 3:00pm CST Friday September 22, 2017 at the City of Fenton City Hall, 625 New Smizer Mill Rd. Fenton, MO 63026.

Sincerely,

Matthew Budd
Director of Public Works
