SINGLE FEASIBLE SOURCE PURCHASE POSTING NOTICE

The Missouri Department of Transportation has determined that only one source can provide the products or services described below

Title: #7-NW-16-069 Preformed Pavement Marking Tape

Description: The Missouri Department of Transportation, Northwest District, has determined that to their knowledge only Ennis-Flint can provide the Department with a preformed marking tape used to mark intersection pavement symbols, crosswalks, stop bars, arrows, etc. with specific characteristics. The specific characteristics are: does not require preheating of pavement, does not require glue, adhesive or sealer application to pavement prior to installation; once installed the material can be reapplied over itself – not requiring removal. The material is a one – step product resulting in significant reduction of cost in man-hour costs and time and has been determined to have a product life of three to five years on pavement. This material is PreMark ® brand 90 mil pavement marking material. This notice shall meet the single feasible source posting requirements for one calendar year and in association with the needs described. The material is listed as a prequalified material as published in the Missouri Department of Transportation qualified products list.
