NORTHWEST DISTRICT EQUIPMENT RENTAL BID

The Missouri Department of Transportation desires to retain vendors to rent a Track Hoe Excavator with a 60' reach on an as needed/if needed basis. **Unit should be available and bid price shall be firm for the bid period from September 1, 2014 through February 28, 2015, with options for three (3) one (1) year extension periods (extension period from March 1, 2015 through February 29, 2016), (extension period from March 1, 2016 through February 28, 2017), and (extension period from March 1, 2017 through February 28, 2018) provided both parties are in agreement.** The contractor must be able to provide equipment (Monday – Friday, excluding state holidays) after being notified that services are required for a project.

This will be a multiple-award bid with the pricing submissions locked in from all vendors for the bid period. Award of this bid will be based on an evaluation of hourly, daily, weekly, and monthly rate prices per piece of equipment per county in the Northwest District, which consists of counties in the old District 1 and old District 2 areas, with consideration being given to the size of equipment most advantageous to MoDOT to perform individual projects. When equipment is needed the low bidder will be contacted first. In the event the low bidder is contacted and cannot provide the equipment within 24 hours, MoDOT reserves the right to move to 2nd low bidder for that project, then to the 3rd, the 4th, etc., until a vendor can provide the equipment. This process will be repeated for each project. If a contractor consistently turns down equipment requests or cannot meet the on-site delivery requirement, MoDOT reserves the right to award future work to the next low-bidder for the remainder of the bid period.

The identified equipment will be used for maintenance work such as tube replacement, ditching, slide control, channel relocation, and other related maintenance work as needed. Work will be performed at various locations within the counties marked on the attached maps. The time required to complete such jobs will vary from project to project and may involve work at multiple sites, requiring movement to and from various locations each day. MoDOT will keep moves to a minimum whenever possible.

The equipment which meets (or exceeds) the minimum specifications outlined below, which will be used by MoDOT to complete work under the requirements of the bid, shall be listed in the pricing section on page 3.

Payment will be made for each individual project after all work has been completed and a MoDOT representative has verified the billable hours worked on each project with the contractor. Environmental fees, traveling fees, fuel surcharges, delivery/pick-up charges, and/or any other miscellaneous charges WILL NOT be accepted on any invoice. All fees must be included in the quoted prices submitted.

Please provide the pricing information for each county requested below for the unit you can have available for delivery and use during the bid period.

The equipment identified on the bid list shall be maintained prior to delivery to MoDOT. The equipment shall be fueled, oil and fluids topped off, and all filters in a condition adequate to perform for the duration of the rental period. In the event MoDOT incurs these costs at the time of arrival, the costs shall be deducted from the vendor invoice. All rented equipment shall be fueled and washed by MoDOT prior to returning to the vendor.

This will be a multiple award bid. However, in the interests of good competition, you are encouraged to submit a bid price for the equipment along with as many counties delivered to as possible.

This work is to be performed under the general supervision and direction of the Missouri Department of Transportation (MoDOT) and, if awarded any portion of the work, the Contractor agrees to furnish at his own expense all labor and equipment required to complete the work, it being expressly understood that this solicitation is for completed work based upon the price(s) specified and is not a solicitation for rental of equipment or employment of labor by MoDOT, and MoDOT is to have no direction or control over the employees used by the Contractor in performance of the work.

Deliveries

- a. Unless otherwise specified on the solicitation documents or purchase order, suppliers shall give at least 24 hours advance notice of each delivery. Delivery will only be received between the hours of 8:00 a.m. to 3:00 p.m., Monday through Friday. Material arriving after 3:00 p.m. will not be unloaded until the following workday. No material will be received on Saturday, Sunday or state holidays.

- a. The Contractor shall comply with the Regulations relative to nondiscrimination in federally-assisted programs of the Department of Transportation, Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this contract.
- b. All solicitations either by competitive bidding or negotiation made by the Contractor for work to be performed under a subcontract, including procurements of materials or leases of the Contractor's obligations under this contract and the Regulations, will be relative to nondiscrimination on the grounds of race, color, or national origin.
 - 1) **Sanctions for Noncompliance:** In the event of the Contractor's noncompliance with the nondiscrimination provisions of this contract, MoDOT shall impose such contract sanctions as it or the Federal Highway Administration may determine to be appropriate, including, but not limited to:
