Questions and Answers

- 3) What is the intended connection to the flange posts using the Z-bar? Can we recommend another method if it maintains the structure and support?
Answer: Fabricator is responsible for engineering and a sign/sealed shop drawings. Fabricator may design backing bar or another system if it maintains structure and support.
- 4) Do the signs require paint on the back or edges, painted hardware?
Answer: Signs do not require paint on the back or edges. Hardware shall not be painted.
- 5) Are the removable logo panels included in the quote and if so may we bid them as a separate line item due to the fact that the price will vary depending on how many different colors each logo has? We can break our quote out to list price per logo with two (2) colors, price per logo with three (3) colors, and so forth.
Answer: Bid shall include removable logo panels with a minimum of three (3) colors.
- 6) Will you accept digital print in lieu of the paint as long as it meets the three (3) year minimum warranty and the colors match the Mathews paint colors specified? Most digital prints start off with a five (5) year warranty and would take away the possibility of variance in the signs. This method would cut down on labor, setup, and waste cost. If need be we can quote it both ways.
Answer: Digital prints will not be accepted. Only custom color reflective sheeting shall be allowed. See bid requirement of submitting photo of previous project with custom HIP reflective sheeting or min. 6" x 6" sample of custom HIP sheeting.
- 7) Is there a bid bond required?
Answer: No
