## SINGLE FEASIBLE SOURCE PURCHASE POSTING NOTICE

**The Missouri Department of Transportation has determined that only one source can provide the products or services described below**

**Title:** 7-SL120908 – StopCrack Ex System

**Description:** The Missouri Department of Transportation, St. Louis District, to the best of our knowledge, has determined that only Fatigue Technology is the sole vendor to provide the StopCrack Ex System. This system is a kit that will cold expand steel up to 3” thick, with capabilities of installing stainless steel bushing. This induces stress to the surrounding steel that will strengthen the steel and extend the life of the steel in critical areas of a structure. Kit to include specifically machined bushings and related applicable tools to utilize for bridge transportation application. Estimated cost for system and applicable tools is approximately \$25,000.
