An official representative of the successful bidding company shall be present to participate in the inspection. If a unit has not been provided by the lease period start date, the compensation due the lessor will be reduced at a rate of \$250.00 per day for all working days a unit is not available during the lease period. If this exceeds 10 working days, MoDOT reserves the right to obtain another unit from the next low bidder or other resources. At the end of the lease period when the unit is to be picked up, no unit will be released to a freight hauling company, unless the successful bidding company representative has properly inspected the unit in the presence of a MoDOT Area Mechanic. If after this time a substitute unit has not been provided or the original unit has not been repaired, the compensation due the lessor will be reduced at a rate of \$250.00 per day for all working days a unit is not available during the lease period, including the initial downtime. If this exceeds 10 working days, MoDOT reserves the right to obtain another unit from the next low bidder or other resources.
