

# Updates on MicroStation Tools and Settings Manager - July 2009

From CADD Wiki

**July 1, 2009**

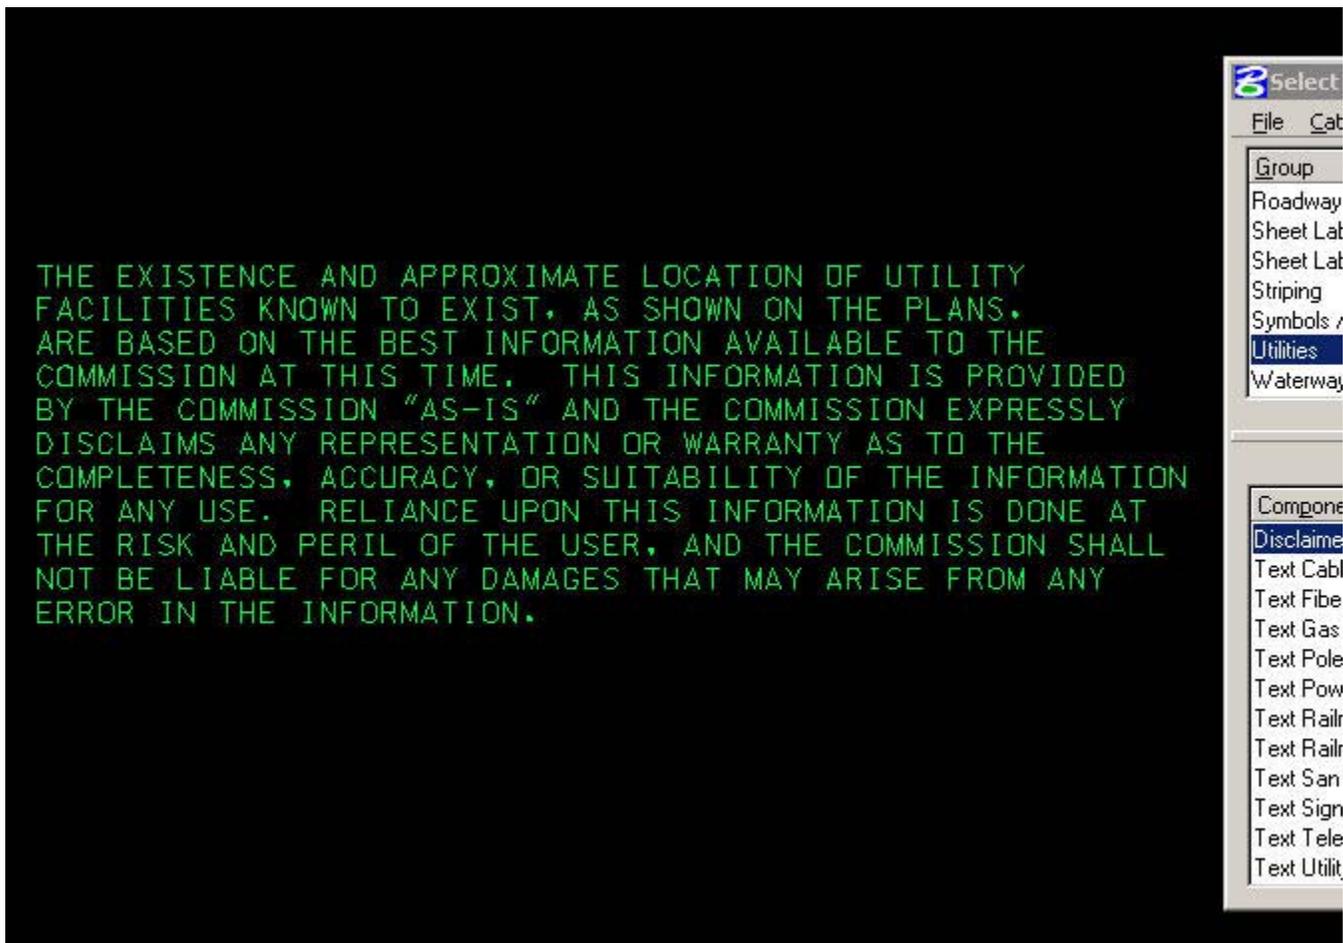

## Updated Traffic Control Settings Manager

To help avoid some confusion, the settings manager has been modified to have a group with the standard traffic control signs without flags and a group with flags on the traffic control signs.

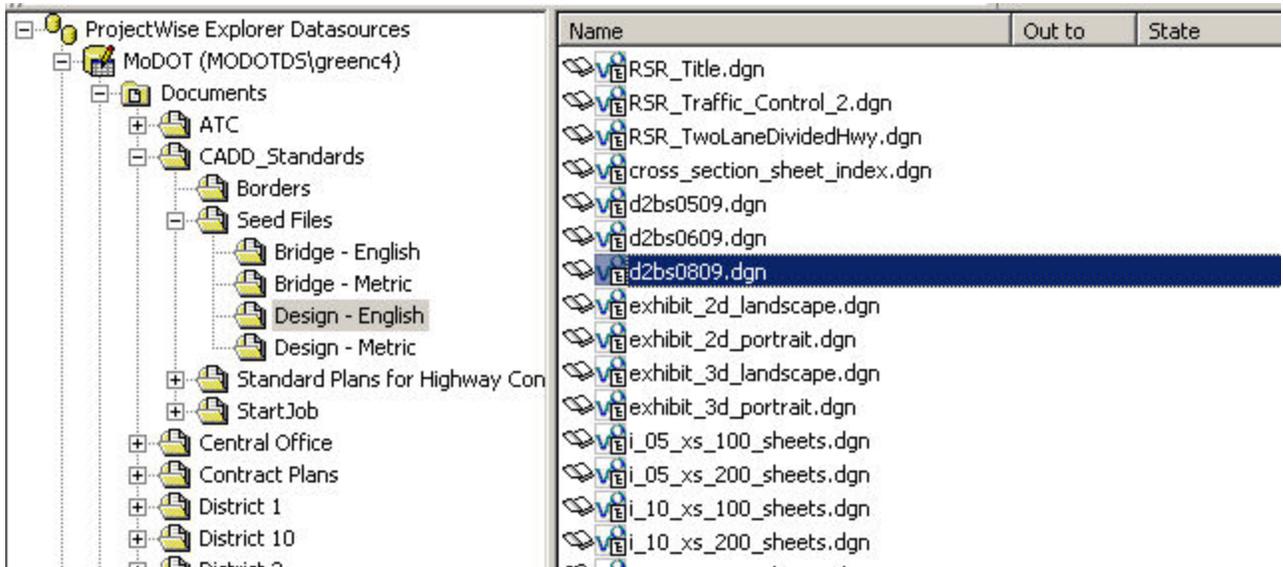

## Updated Plan Sheets Settings Manager

The Utilities Disclaimer note has been updated to match what is in the Engineering Policy Guide (EPG).

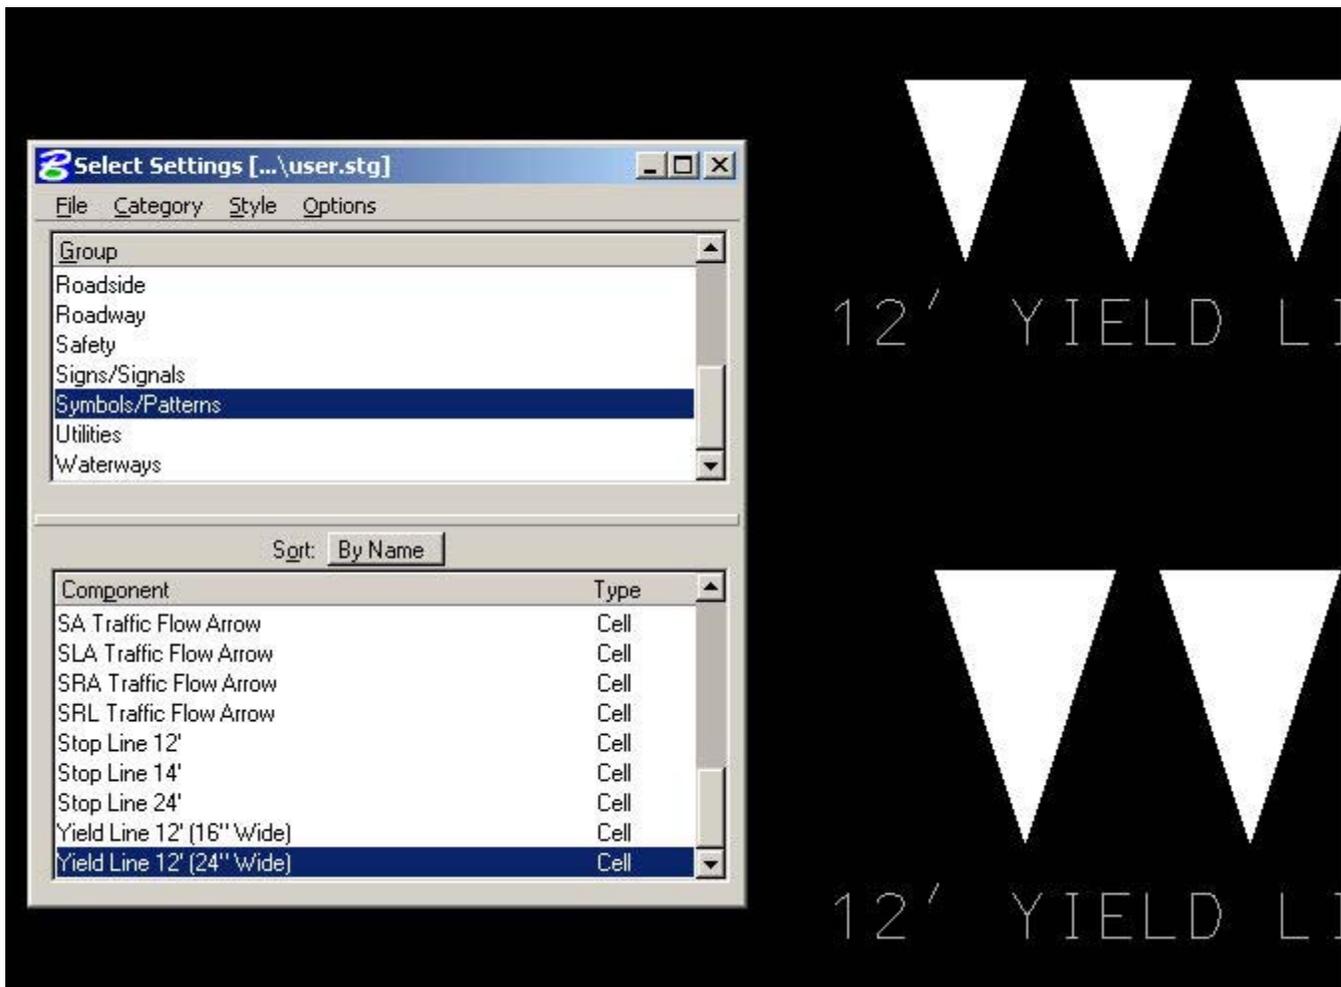

### Updated D2BS Standard Sheets

The D2BS Standard Sheets have been updated.

### Updated User, Signals and Traffic Control Settings Manager

The Yield Line has been added to these settings managers.
