1) The following items have been added by addendum #001.

A COMPLETE LIST OR CATALOG DESCRIBING ALL AVAILABLE TRAINING MATERIALS RELATED TO THE ITEMS YOU ARE BIDDING SHOULD BE INCLUDED IN YOUR BID.

Item #4: Training (Technical, Operation and Maintenance)

Each backhoe and/or loader purchased by MoDOT shall have the minimum mandatory training supplied as outlined in the paragraphs below:

1. Four (4) hours of safe operation and routine/preventive maintenance for mechanics and operators. Training time and location shall be coordinated with district personnel. The vendor shall supply training within one month of acceptance by MoDOT. All costs associated with training and materials supplied shall be the responsibility of the vendor. Training shall be provided by factory or dealership personnel. The trainer must be approved by MoDOT. Training content shall be tailored to cover the specific units sold. Training for multiple units, at MoDOT's discretion, may be combined.
2. Vendors must allow MoDOT technicians to attend any factory technical training as deemed necessary by MoDOT. Training shall be the same as received by dealership personnel with content tailored to cover specific units sold. Vendor must supply training to MoDOT at the same cost as for dealership personnel.

Item #5: Optional Training

12 Basic Operation and Diagnostics

Price per student: \$_____

1. Training shall be provided by an OEM trainer, or a dealership technician that is qualified to perform warranty work. The trainer must be approved by MoDOT. A training location within the State of Missouri shall be coordinated with district personnel. Content shall be tailored to cover the specific units sold.
2. Should the training not meet the requirements (needs of the employees being trained,) indicated below, the vendor shall come back to the location the training first took place and hold the training again.
 - a.) 8 hours Electronic Operation and Diagnostics
 1. Engine
 2. Transmission
 3. HVAC
 4. Hydraulics
 5. Calibration Procedures
 - b.) 4 hours Hydraulic & Transmission Mechanical Diagnostic
 1. Operation
 2. Adjustments
 3. Pressure/Flow Tests

Item #6: Optional First Scheduled Maintenance

Price for vendor to perform the first scheduled maintenance on-site:

Price per unit:

\$_____

1. Vendor shall supply all labor associated with the maintenance. All materials used for maintenance will be supplied by MoDOT. At MoDOT's discretion, this first scheduled maintenance may be used as a training class for mechanics and maintenance employees.

Item #7: Optional Software

Diagnostic software, cables, and interface:

Price per set: \$_____

Price must be included for the following: diagnostic software, cables, and interface. (Price per set)

Item #8: Manuals (Operators, Technical and Parts)

1. Vendor shall provide manuals for each loader and/or backhoe as described below:
 - a) One set of service and parts CD's per unit sold.
 - b) Operator manuals must be hard copy and supplied with each individual unit.
2. All vendors shall provide toll free numbers for OEM technical assistance on all components of the items bid. Toll free numbers shall be manned during normal working hours (8 AM to 5 PM Central Time).
