

What's Next?

- Following public review of the Draft EIS, revisions may be made to the preferred alternative. These will be shown in a Final EIS that will be prepared and submitted to the Federal Highway Administration (FHWA) for approval.
- The Final EIS will have a 30-day comment period and copies will be available for review on the project Web site and at other public locations.
- Following this comment period, the FHWA will issue a Record of Decision.
- After FHWA issues the Record of Decision, the Missouri Highways and Transportation Commission can approve the selected alternative and MoDOT, the City of Columbia and Boone County will be able to move forward with the project whenever funding becomes available.
