

The Terminal Railroad Association of St. Louis

In Partnership with MoDOT and IDOT

Invite you to a

DBE Networking Opportunity

Merchants Bridge Rehabilitation Project

Rail freight structure span replacement & pier encasement

Meet with the project's pre-qualified contractors for your role on this once-in-a-lifetime project to strengthen the St. Louis Region's role as a freight hub.

Work Items include:

Steel pipe handrail, waterproofing, pre-cast concrete, reinforcing steel, tie rod, cast in place concrete, MSE wall panels, structural steel, track construction, material hauling, piling, and quality control.

View project plans and learn more about your bidding opportunities.
