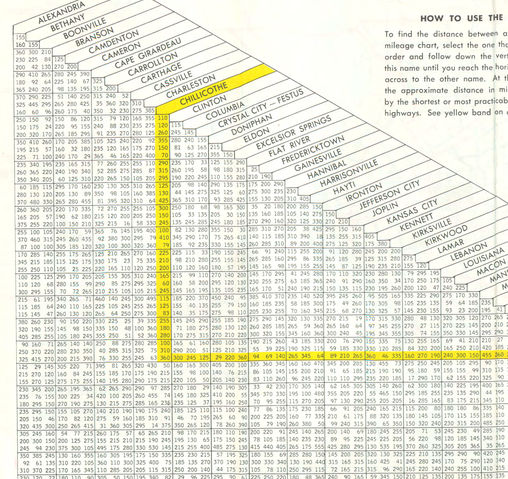
Mileage Chart Showing Distances Between Missouri Cities

Distances Shown Are Between Central Business Districts



HOW TO USE THE MILEAGE CHART

To find the distance between any two names listed in the mileage chart, select the one that comes first in alphabetical order and follow down the vertical column of figures leading from this name until you reach the horizontal row of figures leading across to the other name. At this intersection you will find the approximate distance in miles between the two points, by the shortest or most practicable route, following numbered highways. See yellow band on chart for example.

DISTANCES TO OUT-OF-STATE POINTS

KANSAS CITY TO:	Miles	ST. LOUIS TO:	Miles
Cheyenne, Wyo.	670	Atlanta, Ga.	550
Chicago, Ill.	505	Boston, Mass.	1189
Dallas, Texas	512	Chicago, Ill.	295

Springfield, Rtes. 60 & 166 West	4-1525
Willow Springs, Rte. US 60 Northwest	110

WHAT TO DO IN CASE OF AN ACCIDENT

1. Stop immediately in a safe place. Do not obstruct traffic more than is necessary.
2. Render all possible assistance to the injured.
3. If the road is blocked or partially blocked, protect the scene from additional accidents by warning approaching traffic by means of flags or flares, or by having someone direct traffic until the arrival of a police officer.
4. Give your name, address and license information to the other driver.
5. Although not required by the laws of Missouri, if involved in a serious accident, you should immediately notify the nearest police officer. In municipalities, notify the city police. In rural areas, notify the Missouri State Highway Patrol.

RULES OF THE ROAD

SPEED: Drive at a rate which is careful and prudent, to avoid danger to persons or property. Slow down on curves, at intersections, and at night.

PASSING: Do not pass the car ahead until the road is clear. Never overtake and pass on a curve, near the crest of a hill or at an intersection. Watch for the yellow "no-passing" lines in your lane.

KEEP TO THE RIGHT: Keep as close to the right hand side of the road as practicable whether in motion or not. On curves, reduce speed to keep to right of centerline.

SCHOOL BUSSES: All vehicles **meeting or overtaking a** school bus which has stopped to load or unload school children on a highway outside of a municipality must stop and remain stopped until the school bus resumes motion, or until signalled by the bus driver to proceed.

SIGNS, SIGNALS & MARKINGS: Traffic signs, signals and pavement markings are to guide, protect and inform motorists. Strict observance of all traffic devices will add pleasure to your motoring and may save your life.

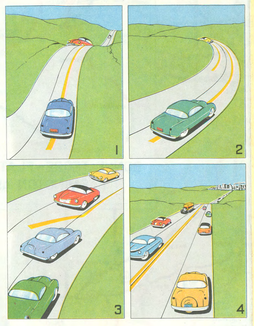
TURNS: The sketch below illustrates the hand signals used in Missouri. Make left turns from as near the center of the highway as practicable, and make right turns from as near the right side of the highway as practicable.

OFFICIAL HAND SIGNALS IN MISSOURI

STOP RIGHT LEFT

DRIVE CAREFULLY
and with courtesy

NO-PASSING ZONES

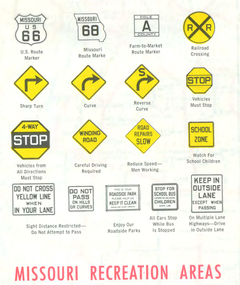


The yellow stripes you find on Missouri highways mark the **no-passing zones,** stretches of highway where hills or curves make the sight distance ahead so short that it is unsafe to attempt to overtake and pass another motor vehicle.

Their meaning is simple: When there is a yellow stripe on your side of the centerline, do not attempt to pass. On two-lane roadways the yellow no-passing stripe is in the center of your lane as indicated in picture (1) above, on a hill, and in picture (2), on a curve. On a three-lane roadway the yellow stripe diagonally across the middle lane will guide you back to the right-hand lane through the zone. Here the yellow stripe is just to the right of the lane line as shown in picture (3).

Four-lane roadways have two yellow stripes, one on each side of and near the centerline as in picture (4). These stripes are continuous on all four-lane roadways and for safety's sake should never be crossed.

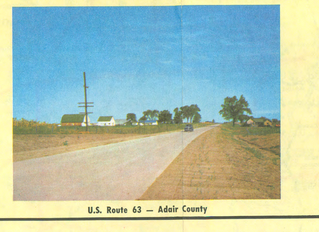
HIGHWAY MARKERS



MISSOURI RECREATION AREAS

Established by Missouri Division of Resources and Development

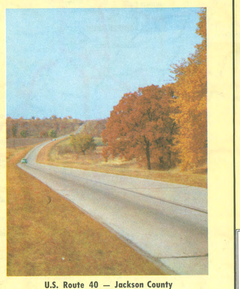
Route A — Harrison County



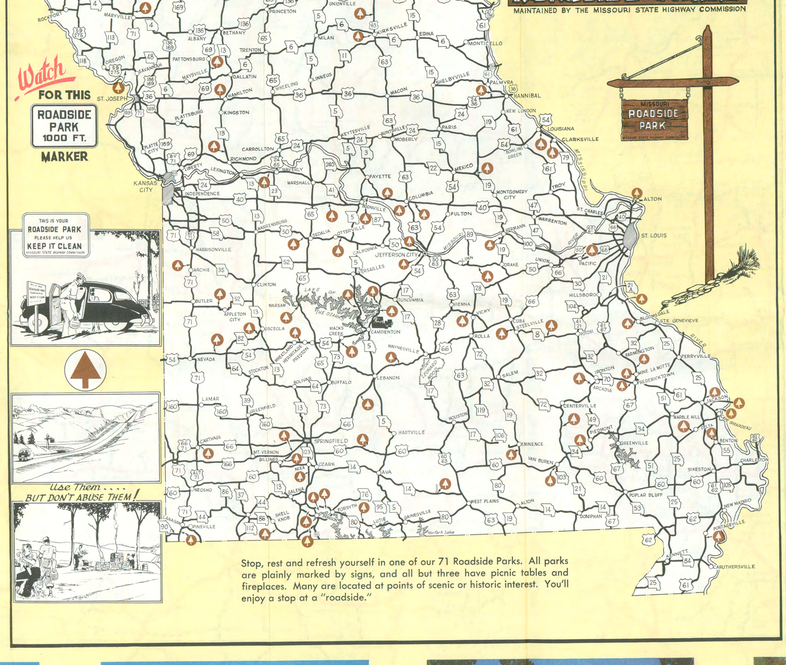
U.S. Route 63 — Adair County

U.S. Route 61 — Marion County

U.S. Route 66 — Franklin County

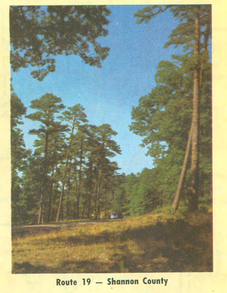


U.S. Route 40 — Jackson County



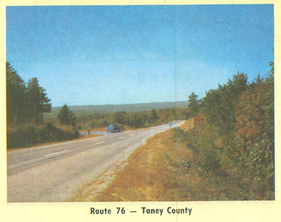
Stop, rest and refresh yourself in one of our 71 Roadside Parks. All parks are plainly marked by signs, and all but three have picnic tables and fireplaces. Many are located at points of scenic or historic interest. You'll enjoy a stop at a "roadside."

U.S. Route 40TR — St. Louis County



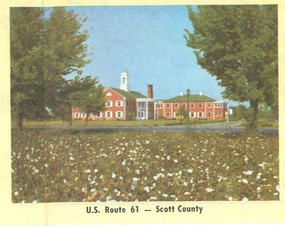
Route 19 — Shannon County

U.S. Route 71 — McDonald County



Route 76 — Taney County

Route 5 — Ozark County



U.S. Route 61 — Scott County

Route 5 — Camden County

ROADSIDE PARKS

Seventy-one Roadside Parks now have been established along Missouri highways and are maintained by the State Highway Commission. These parks are dotted in every section of the state. With the exception of three scenic overlooks, all are equipped with tables and fireplaces in proportion to present demands of road users.

Roadside parks have gained wide public acceptance and popularity in recent years. They afford the traveler an opportunity to get away from the hurry of the highway for a brief period. They are places to rest, to eat lunch, enjoy the natural scenery, then go on your way refreshed. Thus, they fill a three-fold purpose — they contribute to safety, they preserve natural scenic beauty, and they are convenient for those who wish to eat along the roadside. Often they also serve as a picnic point for residents of the surrounding community.

BLUE STAR MEMORIAL HIGHWAY MARKER

D.A.R. MARKER

Land for these parks, in many instances, has been donated to the Highway Commission by public-spirited individuals and organizations. In other cases, it has been donated as a memorial to members of some particular family or families.

Help Us Keep Your Roadside Parks Clean!
