Submitted pursuant to 42 U.S.C. 4332 (2) (c)
and 49 U.S.C. 303

By the

U.S. Department of Transportation
Federal Highway Administration

The Federal Highway Administration (FHWA) has determined that the Selected Alternative (Alternative C – Two Roundabouts) will have no significant impact on the human environment. This Finding of No Significant Impact (FONSI) is based on the attached Environmental Assessment (EA) which has been independently evaluated by the FHWA and determined to adequately and accurately discuss the need, environmental issues, and impacts of the proposed project and appropriate mitigation measures. It provides sufficient evidence and analysis for determining that an Environmental Impact Statement (EIS) is not required. The FHWA takes full responsibility for the accuracy, scope, and content of the attached EA.
