

(6) Annual Blanket Permits. Blanket permits may be issued for moves up to and including twelve-feet, four-inches (12'4") in width and one hundred-fifty-feet, zero inches (150'0") in overall length. Height and weight shall be in accordance with Chapter 304 of the Missouri Revised Statutes. The fee schedule for blanket permits is outlined in subsection (4)(B). Separate permits are required for each power unit. To qualify for an annual blanket permit, insurance must be in force for the entire period (see section (2)) and vehicles must be properly licensed. All annual permits will expire at 12:00 a.m. on January 1 of the following year. Violation of a blanket permit shall be cause for revocation of the current blanket permit and may result in loss of the privilege of obtaining future blanket permits. Blanket permit moves shall be made in accordance with all other regulations and requirements. The permittee is required to obtain current travel restrictions prior to movement with blanket permits.

(A) These permits authorize travel over the state highway system only. Movement from origin to destination must be by the most feasible direct route. All conditions, safety considerations, bridge loading and clearance postings shall be complied with. The permittee shall properly warn traffic, adjust speed, and if necessary, stop traffic when crossing bridges where the load exceeds one-half (1/2) the roadway width of the bridge. Travel over structures on which load limits are posted for lesser weights is not allowed. Permittees traveling on interstate highways shall maintain the posted minimum speed.

(B) Single Commodity.

1. Manufactured and sectional home units. Annual blanket permits are available for the movement of manufactured and sectional home units up to and including twelve feet four inches (12'4") in width and one hundred fifty feet (150') in overall length. Height and weight shall be legal.

2. Farm products (hay). Annual blanket permits are available for farm products (hay) up to and including twelve feet four inches (12'4") in width. All other sizes and weight shall be legal. Farm products (hay) will not be required to comply with the reducible load requirement for width.

3. Farm implements and construction equipment. Annual blanket permits are available for these moves up to and including twelve feet four inches (12'4") in width and/or overall length up to a maximum of one hundred fifty feet (150'). Height and weight shall be legal. Farm implements or equipment not designed for towing at highway speeds must be hauled. If the equipment is designed to be towed, it shall meet all regulatory safety requirements. Farm equipment with dual tires and construction equipment with blade/bucket attached will not be required to comply with the reducible load requirement for width.

4. One hundred (100)-mile radius blanket permits for farmers and farm implement dealers. Annual blanket permits are available to farm implement dealers and farmers for movement of farm implements up to and including fourteen feet six inches (14'6") in width. All other dimensions and weight shall be legal. This blanket permit is only valid for moves within a one hundred- (100-) mile radius of permittee's principal place of business. All other permit regulations, including, but not limited to, times of travel, signing, and escorts, will apply. Farm implements not designed for towing at highway speeds must be hauled. If the equipment is designed to be towed, it shall meet all regulatory safety requirements.

5. Implements of husbandry and transporting vehicle. Annual blanket permits are available for movement up to and including twelve feet four inches (12'4") in width. All other dimensions and weight shall be legal. Implements of husbandry are machines designed specifically for the application of commercial plant-food materials or agricultural chemicals and off-road usage. Such units shall not operate under their own power on the interstate system.

6. Repeated moves of like objects. Annual blanket permits for the movement of specific nonreducible commodities may be issued to a maximum width of twelve feet four inches (12'4") and/or overall length up to a maximum of one hundred fifty feet (150'). Height and weight shall be legal. The following items may be considered like objects: boats, portable buildings, wood trusses, steel trusses, plates, beams, angles, pipe or piling, reinforcing steel mesh, rods or bars, tanks, mobile office trailers, grain carts, cotton trailers, park trailers, precast concrete panels, aluminum plates, wood beams, and concrete girders. This list is not all inclusive. The permit will describe and specify the object to be hauled. A blanket permit may be issued for the repeated movement of objects for permanent use in their transported form. Such objects may vary in size as long as the largest is within the width and/or length limit specified on the permit. Multi-piece loads must be nonreducible and nondivisible in dimension.

(C) Multiple Commodity. Annual blanket permits are available to haul any commodity up to and including twelve feet four inches (12'4") wide and one hundred fifty feet (150') overall length. Height and weight shall be legal. Multi-piece loads shall be nonreducible and nondivisible.

(D) Blanket permits are also available for items that may be over-size or overweight with varying operation areas and time periods. These blanket permits may be issued as explained in the following paragraphs:

1. Public Utility or Public Works. Thirty- (30-) day blanket. Blanket permits up to and including twelve feet four inches (12'4") wide and/or overall length up to and including one hundred fifty feet (150') covering specified travel over listed routes may be issued for a period not exceeding thirty (30) days to expedite construction or repair of public utilities or public works clearly in the public interest. Height must be legal;

2. Well-drilling blanket. Blanket permits for well-drilling rigs may be issued to a maximum width of twelve feet four inches (12'4"), and/or overlength to a maximum of sixty feet (60') for single units and weights not to exceed twenty thousand (20,000) pounds or legal weight on a single axle, forty thousand (40,000) pounds on a tandem axle group, or sixty thousand (60,000) pounds on a triple or quadrum axle group, and a gross weight not to exceed the maximum allowable gross weight according to the number of axles and the specified axle spacings as shown on the weight table in subsection (11)(F). Equipment classified for use in well-drilling work is a single unit designed primarily to drill wells. The unit shall be reduced in size as much as practical. Drill bits and other necessary drilling tools may be carried with the drill rig provided the permitted axle and gross vehicle weight are not exceeded. The permit authorizes travel over the state highway system only and the unit must be able to maintain the posted minimum speed on the interstate system. Travel over bridge structures on which a load limit is posted for lesser weights is not allowed;

3. Emergency response blanket. Annual blanket permits for the initial response and direct return from an emergency are available up to and including twelve feet four inches (12'4") in width, one hundred fifty feet (150') in length, and maximum axle weights and gross weight as allowed in section (11). Height shall be legal. This permit authorizes travel over the state highway system only. Travel over bridge structures on which a load limit is posted for lesser weight is not allowed. The restriction prohibiting travel in tourist areas, during curfew hours, at night, and on holidays or holiday weekend periods will be waived for the initial response to the emergency site. Clearance lights in lieu of flags and reflectorized oversize load signs are required for night travel. See section (12) for additional procedures for emergency travel;

4. Public utility. Blanket overlength permits not exceeding one hundred fifty feet (150') in length (width, height and weight must be legal) may be issued to a public utility company, a public agency, or their contractor to transport poles or pipe for minor construction, reconstruction, replacements or emergency repairs. Such permits shall be issued for each power unit (truck-tractor or derrick truck) to travel from the nearest available pole or pipe storage yard. The restriction prohibiting travel in tourist areas, during curfew hours, at night, and on holidays or holiday weekend periods is waived for emergency repairs. Clearance lights in lieu of flags and reflectorized oversize load signs are required for night travel (see subsection (12)(J));

5. Sludge disposal units. Blanket permits are available for travel on the state highway system other than the interstate and shall not exceed eleven feet six inches (11'6") in width. All other dimensions and weight shall be legal;

6. Concrete pump truck blanket. Blanket permits for concrete pump trucks may be issued to a maximum width of twelve feet four inches (12'4"), and/or overlength to a maximum of sixty feet (60') for single units and weights not to exceed twenty thousand (20,000) pounds or legal weight on a single axle, forty thousand (40,000) pounds on a tandem axle group, or sixty thousand (60,000) pounds on a triple or quadrum axle group, and a gross weight not to exceed the maximum allowable gross weight according to the number of axles and the specified axle spacings as shown on the weight table in subsection (11)(F). This permit authorizes travel over the state highway system only and the vehicle must be able to maintain the posted minimum speed on the interstate system. Travel over bridge structures on which a load limit is posted for lesser weights is not allowed;

7. Projects. Blanket permits are available for the movement and/or operation of oversize and overweight road-building equipment within the limits of a specific highway project or combination of projects, for a period not to exceed the completion date of that project. The permittee shall coordinate movement and/or operation necessity and procedures with the project engineer and collectively submit a permit application containing all pertinent information to include any special or unusual circumstances with a recommendation to the Missouri Department of Transportation, Motor Carrier Services Division;

8. Longer combination vehicles (LCV) blanket permits. This permit may include combinations defined as Rocky Mountain Doubles (RMD), Turnpike Doubles (TPD), and triple-trailers currently allowed to operate on turnpikes in other states. Annual blanket permits are available for longer combination vehicles up to one hundred twenty feet (120') in overall length to travel to and from locations within twenty (20) miles of the western border of this state. One hundred twenty thousand (120,000) pounds is allowed for LCVs entering from the Kansas border. Ninety-five thousand (95,000) pounds is allowed for LCVs entering from the Nebraska border, and ninety thousand (90,000) pounds is allowed for LCVs entering from the Oklahoma border. All other dimensions shall be legal. This permit authorizes travel over specified routes on the state highway system; and

9. Government agency. Annual blanket permits are available for government agencies up to and including twelve feet four inches (12'4") in width, one hundred fifty feet (150') in length, and maximum axle weights and gross weight as allowed in section (11). Height shall be legal.

10. Milk Hauler. Annual blanket permits may be issued for a maximum of 85,500 pounds to vehicles traveling on the interstate carrying raw fluid milk products from a farm and/or raw milk products to or from a milk plant, receiving station or transfer station. Width, height and length shall be legal.
