To Turn Off Your Internet Explorer Pop-up Blocker:

1. Open Internet Explorer by clicking the **Start** button, and then clicking **Internet Explorer**.
2. Click the **Tools** button, and then click **Pop-up Blocker**.
3. To Turn off Pop-up Blocker, click **Turn Off Pop-up Blocker**.

For more information on Internet Explorer Pop-up Blocker, [click here](#).

How to identify which version of Java is installed on your computer:

For Windows 7:

From the Start menu, type 'Control Panel' in the *Search programs and files* box, then select the Control Panel entry under the programs section. Double-click the Java entry to open the Java Control Panel. On the General tab, click the About button to view the version installed on the computer.

For Windows XP:

From the Start menu, select Control Panel. Double-click the Java entry to open the Java Control Panel. On the General tab, click the About button to view the version installed on the computer.

To disable Automatic Updates:

Follow the instructions for identifying the version of Java on your computer, then choose the Update tab. Uncheck the "Check for Updates Automatically" box.
