

Hi, this is Sally Oxenhandler with your MoDOT Minute.

In a recent survey conducted for MoDOT, Missourians ranked transportation second only to education as the most beneficial government expenditure. Public safety ranked third, economic development fourth and social services fifth.

In other survey results:

- 78 percent of Missourians said they are satisfied with MoDOT;
- 77 percent said MoDOT meets their expectations for snow and ice removal; and
- 86 percent believes MoDOT provides timely and accurate information.

Few things are more frustrating than heading out on a road trip only to be delayed by an accident or road construction. That's why MoDOT offers a free e-mail service that automatically sends information to your inbox. Road closures, accidents, project status, and many other topics are included in the subscription options. To sign up, go to [modot.org/e-update](http://modot.org/e-update) or call 888 Ask MoDOT.

That's been your MoDOT Minute. Remember to check back every Tuesday for new information.
