

Hi, this is Sally Oxenhandler with your MoDOT Minute.

Now that winter weather is upon us remember to check out MoDOT's online Traveler Information Map before you travel. Located at modot.org, the map gives an up-to-the-minute view of road conditions for major Missouri highways. It also shows work zones and incidents that may cause traffic delays.

Future funding options for transportation will be discussed Friday, Nov. 30 at a conference hosted by MoDOT and the University of Missouri's Truman School of Public Affairs. Speakers will cover transportation funding strategies, the initiative petition process, potential legislation and the industry's view on fixing our ailing infrastructure. For more information, visit Truman.Missouri.edu or call (573) 882-1739.

That's been your MoDOT Minute. Remember to visit modot.org every Tuesday for new information.

And always remember to buckle up and Arrive Alive.
