

U.S. 54 MISSISSIPPI RIVER BRIDGE
Environmental Assessment

Public Meeting

Tuesday, October 1

4:30 p.m. - 6 p.m.

Twin Pikes Family YMCA

614 Kelly Lane

Louisiana, MO

MoDOT is in the middle of the environmental assessment process which will determine the location for a new bridge should funding for construction become available.

We are ready to present the three options for the location of a new bridge that have been selected to study more in depth. We also have four options for upgrading the U.S. 54 and MO 79 areas where the bridge currently comes in to Louisiana. An update on the historic and environmental research also will be available.

Displays, maps, more information, and the opportunity to comment about the project will be available at the meeting as well as online at www.modot.org/northeast or by calling MoDOT at 1-888-275-6636.

WHAT'S YOUR IDEA?

Help us get ready for
a new Champ Clark
Bridge on U.S. 54.
