

Route 141 bridge at Route 21 detours

Weather permitting; starting on April 4, MoDOT will begin bridge repairs and rehabilitation to the Route 141 bridge at Route 21 in Jefferson County. This project is part of the Safe and Sound Bridge Improvement Program.

Lanes on northbound and southbound Route 141 will remain open; however, **the left turns from Route 141 to Route 21 will be closed during the bridge work. This project is expected to be completed in fall 2011.**

Route 141 southbound to Route 21 eastbound detour

- Route 141 southbound traffic exiting to Route 21 eastbound will turn right at West Outer 21 Road.
- Motorists will then turn left at Old Route 21, which will take them to the ramp that connects to eastbound Route 21.

Route 141 northbound to Route 21 westbound detour

- Route 141 northbound traffic exiting to Route 21 westbound will u-turn at the Schneider signal.
- Motorists will then turn right at the Route 141/Route 21 interchange, which enters onto westbound Route 21.
