

Fulton/Callaway County
Business Route 54
Resurfacing/Sidewalk Improvements
Public Meeting
September 14, 2017

Frequently Asked Questions

What is the purpose of tonight's meeting?

The purpose of tonight's meeting is to provide information on plans to resurface Business Route 54 through Fulton and repair and replace deficient sidewalks in various locations along the road.

Why is this work necessary?

The resurfacing of Business Route 54 is necessary to keep the pavement in good condition. The improved pavement will provide a smoother, safer surface with better traction for motorists. The sidewalk improvements are needed to bring sidewalks and intersections along Business Route 54 into compliance with the federal Americans with Disabilities Act of 1990. These improvements will provide safer access for all pedestrians and especially those with disabilities.

How will traffic be affected?

The milling and asphalt overlay work will be a moving operation with single lane closures. The sidewalk construction will require some sidewalk closures with pedestrian detours identified. Some private and commercial entrances will require partial closures. Lane drops will be necessary at some intersections during construction. Periodic night work will occur along Business Route 54 to avoid peak traffic volumes.

When will the work take place?

The project is scheduled to be awarded in the spring of 2018 with construction scheduled to begin in summer 2018.

Will additional right of way be needed to construct these projects?

All pavement work will be done within existing state right of way. Some temporary and permanent easements will be needed for the sidewalk improvements.

What will the project cost?

The total cost is approximately \$2.8 million.

How can I learn more?

You may learn more by contacting us toll-free at 1-888-ASK-MoDOT (275-6636) or by visiting us on the Web at www.modot.org/central.
