

CCS SS SCS HCS HB 430 -- TRANSPORTATION

This bill changes the laws regarding transportation.

JOINT COMMITTEE ON TRANSPORTATION OVERSIGHT (Section 21.795, RSMo)

The bill specifies that the seven Senate members of the Joint Committee on Transportation Oversight must be composed, as nearly as possible, of majority and minority party members in the same proportion as the number of majority and minority party members in the Senate. Currently, no more than four members from the same party can be members of the committee. The bill requires the Department of Transportation to submit an annual report no later than December 31 of each year, instead of by November 10, and requires the annual meeting to be held prior to February 15 instead of December 1.

REIMBURSEMENT TO BI-STATE DEVELOPMENT AGENCY (Section 70.441)

A person who is convicted, pleads guilty, or pleads nolo contendere for failing to pay the proper fare, fee, or other charge for the use of facilities and conveyances of the Bi-State Development Agency is required to reimburse, in addition to the unpaid fare or charges and any fines, penalties, or sentences imposed by law, the reasonable costs attributable to the enforcement, investigation, and prosecution of the offense by the agency. The court must direct the reimbursement proceeds to the appropriate agency official.

BILLBOARDS (Sections 226.540 and 226.541)

The bill:

(1) Allows local authorities to adopt regulations regarding billboard size, lighting, and spacing provisions that are more restrictive than state law if they are reasonable, allow for customary industry usage, and comply with the intent of the provisions of Section 226.540. Local regulations cannot have the intent or effect of prohibiting billboards on certain commercial or industrial property. If a court rules that a local regulation is prohibitive, unreasonable, or fails to allow for customary industry usage, the statutory state requirements will apply until a valid ordinance is adopted by the local zoning authority;

(2) Prohibits the Highways and Transportation Commission within the Department of Transportation from issuing new state sign permits after the date the commission approves funding for any phase or portion of construction or reconstruction of a street or highway until the completion of the project and requires all

existing signs to conform to the requirements for outdoor advertising in effect on August 27, 1999;

(3) Allows an owner of an existing sign who meets all state requirements for outdoor advertising in effect on August 27, 1999, meets the federal/state agreement, and executes voluntarily a partial waiver and reset agreement with the commission to reset the sign on the same or adjoining property as long as the owner obtains the necessary local approval. Owners entering into a reset agreement with the commission will receive compensation for the actual cost of resetting the sign. A sign must be reconstructed with the same type of materials and cannot exceed the square footage of the original sign;

(4) Allows a sign owner 120 days from receiving a written notice that a sign will be displaced by construction to execute a partial waiver and reset agreement. If an owner fails to execute an agreement, the commission has the right to initiate normal condemnation procedures for the compensated removal of the sign;

(5) Allows a local zoning authority to prohibit an owner from resetting a qualifying sign that does not comply with local regulations but requires the local authority to reimburse the commission for the cost to condemn the sign less the cost to reset the sign; and

(6) Requires all signs to be subject to the biennial inspection fees under Section 226.550.

#### DESIGN-BUILD CONTRACTS FOR HIGHWAY PROJECTS (Section 227.107)

The person must pay a \$15 fee in addition to the regular registration fees and present the required documentation. Currently, to obtain a "Breast Cancer Awareness" special license plate, a person must pay a \$25 emblem-use authorization fee to the Friends of the Missouri Women's Council and submit to the Director of the Department of Revenue an application along with the emblem-use authorization statement issued by the council. The bill replaces the words "MISSOURI WOMEN'S COUNCIL" with "BREAST CANCER AWARENESS" on the special license plate;

period of one year after the department director discovers the falsification.

A municipality is required to allow at least one street, with lawful traffic movement and access from both directions, to be available for use by a commercial vehicle to access any road in the state highway system. #### RELOCATION OF MANUFACTURED HOMES (Section 304.200)

The bill:

(1) Exempts a motor carrier transporting household goods from the requirement to file its schedule of rates, fares, and charges with the Highways and Transportation Commission within the Department of Transportation. Currently, only a household goods mover operating exclusively within a commercial zone is not required to file its schedule. In lieu of filing its schedule with the commission, a household goods mover engaged in intrastate commerce must maintain and publish its schedule of rates, fares, charges, and tolls in each of its stations and offices. The rates must be available for inspection by the

commission, shippers, and the public upon request;

(8) Removes the provision requiring a contract carrier transporting household goods to demonstrate that the proposed service will serve a useful purpose when applying for a certificate of authority or permit. An applicant for a household goods moving authority or permit will not have to satisfy the public convenience and necessity test when proposing a new service, an extension of existing service, or a transfer of authority. In lieu of the geographic restrictions, a motor carrier must be authorized to provide intrastate transportation of household goods between all points and destinations within the state until the time the certificates, permits, and tariff schedules are reissued or amended to reflect the motor carrier's statewide operating authority.

#### INTOXICATION-RELATED TRAFFIC OFFENSE (Section 577.023)

In order to comply with federal law, the substitute requires a prior or persistent offender to perform a specified amount of community service along with completing a DWI court-ordered or other court-ordered treatment program.

The provisions regarding commercial motor vehicle registration become effective date July 1, 2012; and the provisions regarding commercial driver's licenses become effective on the date the Director of the Department of Revenue begins accepting medical certifications or May 1, 2013, whichever occurs first.
