# ADDENDUM NO. 3

# I. PROJECT INFORMATION

PROJECT:	Rock Island Rail Corridor Shared Use Path
OWNER:	Jackson County, MO
FEDERAL PROJECT NUMBER:	STP-3453(402)
COUNTY PROJECT NUMBER:	3221 – BID NO. 09-2018
DESIGN CONSULTANT:	TranSystems
DATE OF ADDENDUM:	January 25, 2019

#### 2. NOTICE TO BIDDERS

This Addendum is issued to all registered plan holders pursuant to the Instructions to Bidders and Conditions of the Contract. This Addendum serves to clarify, revise, and supersede information in the Bidding and Contract Documents (Bid Documents), Drawings, and any previously issued Addenda. Portions of the Addendum affecting the Contract Documents will be incorporated into the Contract by enumeration of the Addendum in the Owner/Contractor Agreement.

# 3. REVISIONS TO BIDDING DOCUMENTS, CONTRACT DOCUMENTS AND SPECIFICATIONS

- A. BID AUTHORIZATION MoDOT authorization for the County to advertise for bids is included in this addendum for reference only.
- B. ACCESS RIGHTS County authorization certifying that all necessary right-of-way, easements, and access rights for that portion of the subject project lying within Jackson County, Missouri is included in this addendum for reference only.
- C. UTILITIES Letter of Certification for utility "status" is included in this addendum for reference only.
- D. ATTENDANCE LIST FOR 2ND PRE-BID MEETING is included in this addendum for reference only.
- E. REVISIONS TO BID FORM
  - 1. There have been changes made to the following quantities. Contractor to use the revised Bid Form noted as Addendum No. 3.
    - a. Base Bid Item No. 7 Embankment in Place (Contractor Furnished) quantity changed to 13,510. This change was due to a minor correction in earthwork quantities.
    - b. Base Bid Item No. 11 Lightweight Fill quantity changed to 956. This was due to a quantity take-off error in the plans. Note the design and typical section does not change.
    - c. Base Bid Item No. 41 Rock Blanket (Type I) quantity did not change, but unit was changed to CUYD.
    - d. Base Bid Item No. 43 Mulch Filter Berm quantity changed to 35,018. This change was due to mulch berm lengths not originally quantified on sheet 142 near Sta. 435+00.

- e. Base Bid Item No. 48 Sediment Removal quantity changed to 409 to account for rounding.
- f. Base Bid Item No. 49 Erosion Control Blanket quantity changed to 2,591. This change was due to erosion control blanket not originally quantified on sheet 142 near Sta. 432+00.
- g. Base Bid Item No. 66 Structural Steel Pile. The Item description has changed from HP18x119 to W18x119. This matches the plans with no changes made to the design concept.
- h. Base Bid Item No. 93 24 in. White Preformed Thermoplastic Pavement Marking quantity changed to 490. See REVISIONS TO PLANS item a.
- i. Base Bid Item No. 106 Safety Sign (72") quantity changed to 29. See REVISIONS TO PLANS item c.
- j. Alternate Bid Item No. A6 Embankment in Place (Contractor Furnished) quantity changed to 16,251. This change was due to a minor correction in earthwork quantities.
- k. Alternate Bid Item No. A9 Lightweight Fill quantity changed to 231. This was due to a quantity take-off error in the plans. Note the design and typical section does not change.
- I. Alternate Bid Item No. A23 Rock Blanket (Type I) quantity did not change, but unit was unit changed to CUYD.

#### F. REVISIONS TO JOB SPECIAL PROVISIONS

- 1. Amend Technical Specification 35, Section A.I, by including LMC Industrial Contractors Inc. (<u>https://www.lmcic.com/</u>) as approved equal for pedestrian bridges.
- 2. Amend Technical Specification 39, Section B, to add, "No measurement or payment for Class 3 Excavation."
- 3. Amend the heading of Technical Specification 49 to read "Limestone Slabs."
- 4. Amend Special Provision 39, to add "The County will cut down the identified Bat Trees located within the project area prior to March 31, 2019. The Contractor will need to remove all of the down trees as SUBSIDIARY to unit bid item Clearing and Grubbing."
- G. REVISIONS TO FEDERAL WAGE RATES
  - 1. Contractor to use revised Federal Wage Rates, publication date January 4, 2019 noted as Addendum No. 3.
- H. REVISIONS TO PLANS
  - a. Amend plan sheet 91 by removing "w/RRFB" from sign callout at sta. 453+40.00, 50' Left. There will be only 2 sign assemblies with RRFB at this intersection. Also, add 90 LF of 24 in. white preformed thermoplastic pavement marking at the road crossing. For more clarification, following are the locations of RRFBs throughout the project corridor:

Base Bid					
Page no.	RRFB				
89	1				
90	2				
91	2				
92	2				
94	2				
Sub-Total	9				

Add Alternate A					
page no.	RRFB				
89	1				
130	4				
Sub-Total 5					

Total	14
-------	----

- b. Amend plan sheet 94 by adding RRFB to the sign assemblies (W11-15 and W16-7P) at approx. sta. 784+30 and 784+70.
- c. Amend plan sheets 112 through 125 and 128 by omitting all Safety Signs (72") between Sta. 784+65.77 to sta. 1126+04.44.
- d. Amend Plan Sheet 181 by including LMC Industrial Contractors Inc. (<u>https://www.lmcic.com/</u>) as approved equal.
- e. See attached sheets 4, 8, 9, 10, 12, 13, 15, 130, 131 and 132.

#### I. RESPONSES TO SUBMITTED QUESTIONS:

- a. What are the surface requirements for the limestone slabs? The clarification is found directly in the technical specification for Limestone Slabs, "Material for this item shall be a slab of natural limestone, to the dimensions shown in the plans, and shall be relatively smooth, without sharp edges or any depression over 4" in width that will hold more than ¼" of standing water after placement."
- b. What pile size is item 63 (12-inch pile)? Per bridge sheet 181, the 12-inch pile is an HP12x53.
- c. Regarding Bid Items No. 58 and A35 Graffiti Protection: Is this work only on the MSE retaining walls and soldier pile walls? Graffiti protection is required on all MSE retaining walls. NOTE that the pay quantity is based on retained face; however, the entire exposed face must be protected. See the sample wall quantities as a reference.
- d. Will the steel piles at the soldier pile walls require field painting? Yes, the steel piles on the solider pile walls must be field painted in accordance with the plans and specifications. NO graffiti protection will be placed on the soldier pile walls.
- e. Regarding TS-30 Concrete Masonry Sealer and Graffiti Protection: Does this technical spec apply to the Bid Items No. 58 and A35? Yes.

- f. Regarding TS-30 Concrete Masonry Sealer and Graffiti Protection: Is the intent to apply 2 different coatings? This bid item is for graffiti protection only. It shall consist of a clear coating that can be removed with a hot water wash. The surface preparation and application shall be in accordance with the manufacturer's recommendations.
- g. Regarding TS-35, Section 1: Is the handrail in addition to the metal rub rail shown on the plans? Handrails are not included on bridges. Rub rail and toe rails to be self weathering steel.
- h. Should horizontal safety rails be placed on the inside or outside of the truss? Safety rails may be placed on either side of the truss, provided that all gaps, horizontal and vertical, are a maximum of 4". Toe rails and rub rails must be on the inside of the truss.
- i. On page 188 of the plans, no camber is shown on the 120' bridge. Is the bridge to be installed with camber? *No camber allowed.*

# THE ORIGINAL BID DOCUMENTS, INCLUDING ANY PREVIOUS ADDENDA, REMAIN IN EFFECT EXCEPT AS REVISED BY THE CHANGES NOTED IN THIS ADDENDUM NO. 3.

#### FEDERAL WAGE RATES

General Decision Number: M0190001 01/04/2019 M01

Superseded General Decision Number: MO20180001

State: Missouri

Construction Types: Heavy and Highway

Counties: Missouri Statewide.

HEAVY AND HIGHWAY CONSTRUCTION PROJECTS

Note: Under Executive Order (EO) 13658, an hourly minimum wage of \$10.60 for calendar year 2019 applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2015. If this contract is covered by the EO, the contractor must pay all workers in any classification listed on this wage determination at least \$10.60 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in calendar year 2019. If this contract is covered by the EO and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must pay workers in that classification at least the wage rate determined through the conformance process set forth in 29 CFR 5.5(a)(1)(ii) (or the EO minimum wage rate, if it is higher than the conformed wage rate). The EO minimum wage rate will be adjusted annually. Please note that this EO applies to the above-mentioned types of contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but it does not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(2)-(60). Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

When such an employee has completed 3 years of continuous employment with the same employer and then works the above required number of hours, he shall receive double the number of days of vacation specified above. When such an employee has completed 10 years of continuous employment with the same employer and then works the above required number of hours, he shall receive triple the number of days of vacation specified above. When such an employee has completed 15 years of continuous employment with the same employer and then works the above required number of hours, he shall receive 4 times the number of days of vacation specified above.

\_\_\_\_\_

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

\_\_\_\_\_

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the

cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

#### Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

#### Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

#### Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union

ADDENDUM NO. 3

January 25, 2019 PAGE 50 OF 71

average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

#### \_\_\_\_\_

#### WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations Wage and Hour Division U.S. Department of Labor 200 Constitution Avenue, N.W. Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator U.S. Department of Labor 200 Constitution Avenue, N.W. Washington, DC 20210

The request should be accompanied by a full statement of the

January 25, 2019

interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board U.S. Department of Labor 200 Constitution Avenue, N.W. Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

#### **Missouri Department of Transportation**

Kansas City District Daniel Niec, P.E., District Engineer

600 Northeast Colbern Rd. Lee's Summit, Missouri 64086 816.622.6500 Fax: 816.622.6550 1.888.ASK MODOT (275.6636)

12/3/2018

Mr. Matt Davis Project Coordinator Jackson County 415 E 12<sup>th</sup> Streeet Kansas City, MO 64106

#### Re: STP-3454 (402) Rock Island Shared Use Path Phase 2

Dear Mr. Davis:

We have completed our review of the P.S. & E. Plans and Documents previously submitted for this project.

#### The P. S. & E. submittal is now approved and the County is authorized to advertise for bids.

The Missouri Department of Transportation (MoDOT) does not accept responsibility for any Design errors or omissions by the LPA or Engineer of Record in the review of these plans. MoDOT will not participate in any costs associated with Design errors or omissions made by the LPA or Engineer of Record. It is the responsibility of the LPA or the Engineer of Record to correct, at their own cost, any errors or omissions determined at any time following this plan review process.

The Disadvantaged Business Enterprise (DBE) goal has been established at  $12\frac{6}{2}$  (twelve percent). All DBE's to be used on this project must be certified and contained in the MRCC DBE Directory at time of bid opening.

After bids are received, the "DBE Submittal Forms", must be included in the contract proposal, completed by the contractor and submitted with the city's bid tab submittal. Each line item, percentage and dollar amount must be shown for each DBE sub-contractor. Without the DBE form completely filled-out and returned, MoDOT will not grant concurrence and the bidder will be considered non-responsive.

Please remember all contractors must be on MoDOT's approved contractor listing unless otherwise stipulated in the contract. If the city elects to stipulate otherwise, the following sentence must be inserted into the contract proposal:

"Section 102.2 of the Missouri Standards Specifications for Highway Construction will be waived for this project."

This statement should only be used on proposed improvements which do not contain roadway or bridge construction (ie, landscaping, sidewalks, bicycle paths, etc.), and should be placed in the advertisement.

Our mission is to provide a world-class transportation experience that delights our customers and promotes a prosperous Missouri. www.modot.org The latest Federal Wage Rates will only be required for projects that are located on roadways functionally classified as major collectors or above. If the project is on a local road or a rural minor collector, the Federal Wage Rates will not be required.

If a contract calls for "Embankment in Place" using contractor furnished borrow, the borrow acquisition requires full environmental clearance before excavation can begin. Refer to Section 136.6, "Environmental and Cultural Requirements" of the MoDOT engineering policy guide.

All necessary utility adjustments will need to be addressed, underway, and/or completed prior to construction.

Any addendums added to the proposals after P.S. & E. approval must be submitted to MoDOT for our review and/or approval.

#### Please note that this project must be advertised on the MoDOT website for 21 days. Please send us a copy of the advertisement once prepared and we will coordinate the advertisement on the MoDOT website with your own advertisement.

Once the bids have been received you will be working directly with MoDOT Central Office personnel to receive concurrence in award. Your formal request for concurrence in award must be submitted electronically by email to <u>LPASubmit@modot.mo.gov</u>. Please be sure to copy me on all correspondence with Central Office. My address is: <u>Eva.Steinman@modot.mo.gov</u>

To summarize what data must be submitted to MoDOT Central Office before concurrence can be given. Once the city receives the bids and the low bid contractor is selected, please submit one copy of the following documents:

- 1. Cover letter including the low bid contractor recommended and the amount of the low bid.
- 2. A spreadsheet listing each bid item, unit costs and item totals for each contractor's bid and the engineer's estimate.
- 3. The low and 2nd low bidders' Bid Form/Contract signed with visible seal.
- 4. The low and 2nd low bidders' bid sheets, to include each item, item cost, and totals.
- 5. The low and 2nd low bidders' Bid Bond. Bid Bonds must include Power of Attorney.
- 6. The low and 2nd low bidders' fully executed DBE submittal forms. Must be received by LPA within three (3) business days of bid opening if not included within original packet.
- 7. The low and 2nd low bidders' fully executed Anti-Collusion Statement.
- 8. The low and 2nd low bidders' Sub Contractor Certification regarding Affirmative Action

- 9. E-Verify Affidavit of Compliance with Attached Memorandum of Understanding.
- 10. Affidavit of publication verifying the 21 day advertisement.
- 11. Verification of receipt of addendums from all bidders.

If you have any questions, please contact me at (816) 607-2255.

Sincerely,

terroman

Eva Steinman Senior Transportation Planner

# Matt Davis Program Coordinator

ROCK ISLAND RAIL CORRIDOR AUTHORITY 415 E 12<sup>TH</sup> STREET KANSAS CITY, MISSOURI 64106 WWW,JACKSONGOV,ORG

Approved 11/19/2018

DATE:November 15, 2018TO:District Right of Way ManagerFROM:Matt Davis, Project CoordinatorSUBJECT:Right of Way Clearance Certification

Date and Type Environmental Clearance: Entire Project or Partial Clearance: Name of City / County / Sponsor: Road or Project Name: Federal Project Number: Termini of the Entire Right of Way Project: Termini of the Portion Being Cleared: Termini of the Construction Project: August 28, 2018 (CE2) Entire Project Jackson County Rock Island Shared Use Path Phase 2 STP-3453(402) 265+74.48 to 604+30.30 265+74.48 to 604+30.30 249+50.00 to 784+65.77

The above referenced city/county certifies the following (all acquisitions):

We certify that all necessary right of way, easements and access rights for that portion of the subject project lying within Jackson County, Missouri, have been acquired in accordance with Titles 49 and 23 C.F.R. Legal and physical possession of Parcel 1 (Langerock), Parcel 3 (Raytown Road Properties LLC), Parcel 4 (Cirese Real Estate Holdings), Parcel 5 (Professional Office Buildings), Parcel 6 (Raytown Chamber), Parcel 7 (Land Trust), Parcel 8 (Chaudhuri), Parcel 10 (Starforth), and Parcel 11 (Lakewood Estates HOA) have been obtained. We request right of way clearance certification for a planned December 15, 2018 advertisement.

Parcels 1, 3, 4, 5, 6, 7, 8, 10, and 11 have been acquired for this project. Parcels 2, 9, 12, 13, and 14 have been eliminated through re-design efforts. Tract 7 was conveyed to Jackson County, Missouri by the Jackson County Land Trust as a donation.

This project will extend the Rock Island Shared Use Path through additional trail facilities planned from Brickyard Road to the Truman Sports Complex. In the north phase of the project, Jackson County is avoiding constructing the shared use path on top of the existing rail bed; therefore, additional easements are required to build embankments, retaining walls, and pedestrian bridges necessary to achieve a minimum 25' offset from the existing rail centerline.

As mentioned above, we currently have legal and physical possession of nine (9) parcels as delineated on the approved right-of-way plans for this project. A table reflecting the type of acquisition is presented below. Steps relative to relocation advisory assistance and payments as required by 49 CFR, Part 24 were not required.

Parcel	Owner	Land	Perm. Esmt	Temp. Esmt	Relocation
1	Langerock	0 ft²	0 ft²	38,402 ft²	No
3	Raytown Road	0 ft²	4177 ft <sup>2</sup>	1957 ft²	No

ROCK ISLAND RAIL CORRIDOR AUTHORITY 415 E 12<sup>TH</sup> STREET KANSAS CITY, MISSOURI 64106 <u>WWW.JACKSONGOV.ORG</u> <u>WWW.ROCKISLANDCORRIDOR.ORG</u>

**Date:** November 15, 2018

- To: Ms. Eva Steinman Transportation Planner Missouri Department of Transportation 600 NE Colbern Road Lee's Summit, MO 64086
- SUBJECT: Federal Aid Project STP-3453 (402) Rock Island Railroad Corridor Shared Use Path – North Segment Jackson County, Missouri Utility/Railroad - Letter of Certification

#### LETTER OF CERTIFICATION UTILITIES "STATUS"

This project is scheduled to be let in December of 2018. The scope of work includes constructing a shared use path for cyclists and pedestrians within the Rock Island Rail Corridor right of way. The primary tasks will include clearing and grading the location of the path, constructing retaining wall, and the installation of path surface including both aggregate and concrete surfaces. Additional construction tasks include the construction of five new bridges and the rehabilitation and modification of existing bridges and drainage structures.

The utility status is as follows:

No utility relocations are anticipated prior to the construction of this project. Various utilities do exist throughout the project corridor, however; impacts to those utilities that would require relocation are not anticipated. The following activities by the **Contractor** will be completed as a part of the construction project:

- **Contractor** will complete pot-holing of existing utilities in a variety of locations to comfirm no conflict will ocurr resulting from the construction of the project. Should pot-holing reveal a potential conflict, the Engineer shall be notified and adjustments to the design will be reviewed.
- It is anticipated that the **Contractor** will be required to work adjacent to CenturyLink / Verizon fiber optic lines. Prior to construction, the **Contractor** will pot-hole and expose the existing lines as indicated in the plans and/or directed by the **Engineer** before adjacent construction begins. The **Contractor** shall deploy protective devices approved by the **Engineer** to prevent damage to the exposed fiber optic lines. Coordination with the County, CenturyLink / Verizon, and the Engineer will be completed prior to exposing fiber optic line and prior to completing work directly adjacent to fiber optic lines.

• Existing traffic signal equipment at the intersection of 59<sup>th</sup> and Raytown Trafficway will be modified as a part of the construction of this project. The existing equipment is owned and operated by the City of Raytown, MO. The City has reviewed the project plans and concurs with the proposed modifications.

Based on the above information, utility work will not impact the shared-use path contractor's progress for this project. We recommend approval of the PS&E on this project.

#### LETTER OF CERTIFICATION RAILROAD "STATUS"

This project will not impact any active railroad corridor. The project is located along and within the existing Rock Island Railroad Corridor previously acquired from Union Pacific Railroad by Jackson County, Missouri and the Kansas City Area Transit Authority (KCATA). Acquisition of the corridor by the County included all land and railroad rights. The County and the KCATA concur with the proposed improvements and recommend approval of the PS&E on this project.
