ADDENDUM NO. 1
REMARK PAVEMENT MARKINGS

This addendum is herewith a part of the Contract Documents of the above issued project, and is issued to amend and supplement the July 18, 2019 construction plan drawings, proposal, contract documents and specifications.

The **CONTRACT DOCUMENTS** are revised as follows:

SECTION 1 NOTICE TO BIDDERS, Contract Time

REVISE: The last sentence to read:

“Project work may not commence until AFTER October 1, 2019, unless approved by the Airport.”

CLARIFICATION: If the contracting and submittal approval process allows for an early start, work in areas that do not impact the runway, parallel taxiway and routes to the transient parking aprons may be performed prior to the October 1, 2019 date, at the Airport’s approval.

ITEM P-620 RUNWAY AND TAXIWAY MARKINGS

REVISE: Section 620-3.3.b Preparation of pavement to remove existing markings.

DELETE: “rotary grinding” from the first sentence.

INSERT: A new second sentence:

“Markings to be placed in the same location as existing shall be removed at an 80% rate to ensure a clean, proper bond without cause for future layer buildup. Markings that will not be replaced in their existing locations shall be removed at a 100% rate.”
