COPING

SECTION 7 Supplemental Technical Specification

2.01 Modified Bitumen Roof Installation (Base Bid)

Item (I. PREFORMED METAL COPING)

1. WORK SPECIFIED HEREIN

- 1.1 All labor, material, equipment, and services necessary to furnish and install metal coping as shown or specified.

2. SPECIFIED PRODUCTS AND SUBSTITUTIONS

- 2.1 In accordance with Section 7 Part 2 – Products 2.01 Approved by Specified Manufacturers.

3. SUBMITTALS

- 3.1 Submittals required.
- 3.2 Submit detailed Product Data including complete installation details.
- 3.3 Submit Shop Drawings
- 3.4 Submit 12 inch by 12 inch Samples of sheet metal material. Sample shall indicate finish, color and thickness.
- 3.5 Submit complete color chart for Owners color selection.

4. QUALITY ASSURANCE

- 4.1 Applicable standards:
 - 4.1.1 SMACNA: “Architectural Sheet Metal Manual”, Sheet Metal and Air Conditioning Contractors National Association, Inc.
 - 4.1.2 AISC: “Steel Construction Manual”, American Institute of Steel Construction.
 - 4.1.3 AISI: “Cold Form Steel Design Manual”, American Iron and Steel Institute.
- 4.2 Manufacturer’s qualifications:
 - 4.2.1 Manufacturer has a minimum of three years experience in manufacturing panels of this nature.
- 4.3 Installer’s qualifications:
 - 4.3.1 Installer of the system shall be an approved installer, certified by the manufacturer, and meet the following minimum criteria:
 - 4.3.2 Maintain general liability coverage for each loss as required by contract.
 - 4.3.3 Maintain sufficient worker’s compensation coverage as mandated by law.

- 4.3.4 Has no viable claims pending regarding negligent acts or defective workmanship on previously performed or current projects.

- 4.3.6 Project foreman is the person having received specific training in the proper installation of the specified system and will be present to supervise whenever material is being installed.
- 4.3.7 Provide certification letter that installer has a minimum of three years of metal product installation experience immediately preceding the date upon which work is to commence.
- 4.4 Pre-installation Conference:
 - 4.4.1 Prior to installation of coping system, conduct a pre-installation conference at the project site.
 - 4.4.2 Attendance: Owner, Architect, Contractor, Project Superintendent, and Roof Applicator
 - 4.4.3 Agenda:
 - 4.4.3.1 Coping details and agenda
 - 4.4.3.2 Critical work sequencing and review of phasing plan
 - 4.4.3.3 Inspection sequencing

5. **MATERIALS**

- 5.1 Preformed metal coping:
 - 5.1.1 Products –Coping System compliant with approved roofing manufactures.
- 5.2 Gauge:
 - 5.2.1 24 gauge: galvanized steel sheet
- 5.3 Splice plates shall be galvanized steel and shall match color and finish of coping. Splice plates shall be 12" long, spaced 10'-0" o.c..
 - 5.3.1 Anchor plates shall be 22 gauge galvanized steel mechanically secured to the top of the parapet wall every 12-18" o.c..
 - 5.3.2 Provide mitered corners, expansion joints, and any special accessory pieces for complete installation.
- 5.4 Finish:
 - 5.4.1 Fluoropolymer coating produced with Kynar 500 or Hylar 5000 resin (20 year warranty).
- 5.5 Color:
 - 5.5.1 To Match Existing.
- 5.6 **Acceptable manufacturer:**
 - 5.6.1 Coping systems compliant with approved roofing manufactures
- 5.7 Fasteners:
 - 5.7.1 All self-locking rivets and other suitable fasteners shall be supplied by coping manufacturer.

6. ACCESSORIES

- 6.1 Provide all components required per the metal coping system manufacturer's approved shop drawings for a complete system.
 - 6.1.2 All joint sealant is to be a one-part elastomeric polyurethane sealant approved by the metal roof system manufacturer.

7. EXECUTION

- 7.1 Inspect installed work of other trades and verify that such work is complete to a point where this work may continue.
- 7.2 Verify that installation may be made in accordance with approved shop drawings and manufacturer's instructions.
- 7.3 Installation
 - 7.3.1 Accurately lay out the anchor plates 12-18" o.c. or as recommended by manufacturer
 - 7.3.2 Attach splice plates to anchor plates as recommended by manufacturer. Apply butyl sealant tape to the top of the splice plate.
 - 7.3.3 Fully engage hemmed 30-45° kick on front face of coping to kicked front leg of anchor plates – Front leg must maintain a minimum 4" leg. Pivot coping into position over each anchor plate. Hand crimp back of coping over ½" anchor plate kick to secure coping - Back leg of coping must maintain a minimum 4" leg.
 - 7.3.4 Leave ¼" joint between abutting ends at splice plates allowing for thermal expansion.
 - 7.3.5 Finished installation shall be straight and true.

8. CLEANING, PROTECTION

- 8.1 Dispose of excess materials and remove debris from site.
- 8.2 Clean work in accordance with manufacturer's recommendations.
- 8.3 Protect work against damage until final acceptance. Replace or repair to the satisfaction of the Architect and Owner, any work that becomes damaged prior to final acceptance.
- 8.4 Touch up minor scratches and abrasions.

9. PROJECT CLOSE-OUT

- 9.1 Issue a written guarantee to the Owner to maintain the roof and flashing in a watertight condition for a period dictated by the contract from the date of substantial completion.
- 9.2 Issue a written 20-year guarantee from the manufacturer for the panel finish system.

END OF SECTION

4. Section 5: Prevailing Wages

- A. Replace the Federal Wage Order MO1-3 and MO37-1 dated 3-16-18 with the attached updated federal wage orders MO1-4 and MO37-2 dated 4/6/18.

HEAVY AND HIGHWAY CONSTRUCTION PROJECTS

Note: Under Executive Order (EO) 13658, an hourly minimum wage of \$10.35 for calendar year 2018 applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2015. If this contract is covered by the EO, the contractor must pay all workers in any classification listed on this wage determination at least \$10.35 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in calendar year 2018. The EO minimum wage rate will be adjusted annually. Please note that this EO applies to the above-mentioned types of contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but it does not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(2)-(60). Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

=====
Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their

own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage

payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

=====

END OF GENERAL DECISION

General Decision Number: M0180037 04/06/2018 M037

Superseded General Decision Number: M020170037

State: Missouri

Construction Type: Building

County: Buchanan County in Missouri.

BUILDING CONSTRUCTION PROJECTS (does not include single family homes or apartments up to and including 4 stories).

Note: Under Executive Order (EO) 13658, an hourly minimum wage of \$10.35 for calendar year 2018 applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2015. If this contract is covered by the EO, the contractor must pay all workers in any classification listed on this wage determination at least \$10.35 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in calendar year 2018. The EO minimum wage rate will be adjusted annually. Please note that this EO applies to the above-mentioned types of contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but it does not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(2)-(60). Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification

and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
