

Route 171 Roundabout Project

Near Carl Junction

Project Facts:

- Relocate Route 171/96/YY intersection east of the existing intersection away from KCS Railroad to improve safety
- Build multi-lane roundabout at new intersection alignment
 - ◊ Roundabout will consist of two 16-foot lanes with 10-foot truck apron
 - ◊ Roundabout entry will consist of one or two lanes varying from 12– to 16-feet with four-foot outside shoulder
- Pave approximately 14 miles of Route 171 between Missouri/Kansas state line and near Fir Road

Traffic Impacts:

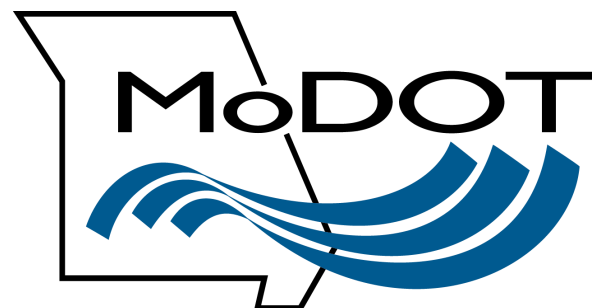

- Construction of new roundabout and approaches will begin with traffic in existing configuration
- Partial or complete road closures will be required at various times
- During road closures, drivers will be directed to use signed detours on Route 43, Jasper County Routes KK, YY and Z

Construction: Summer 2021

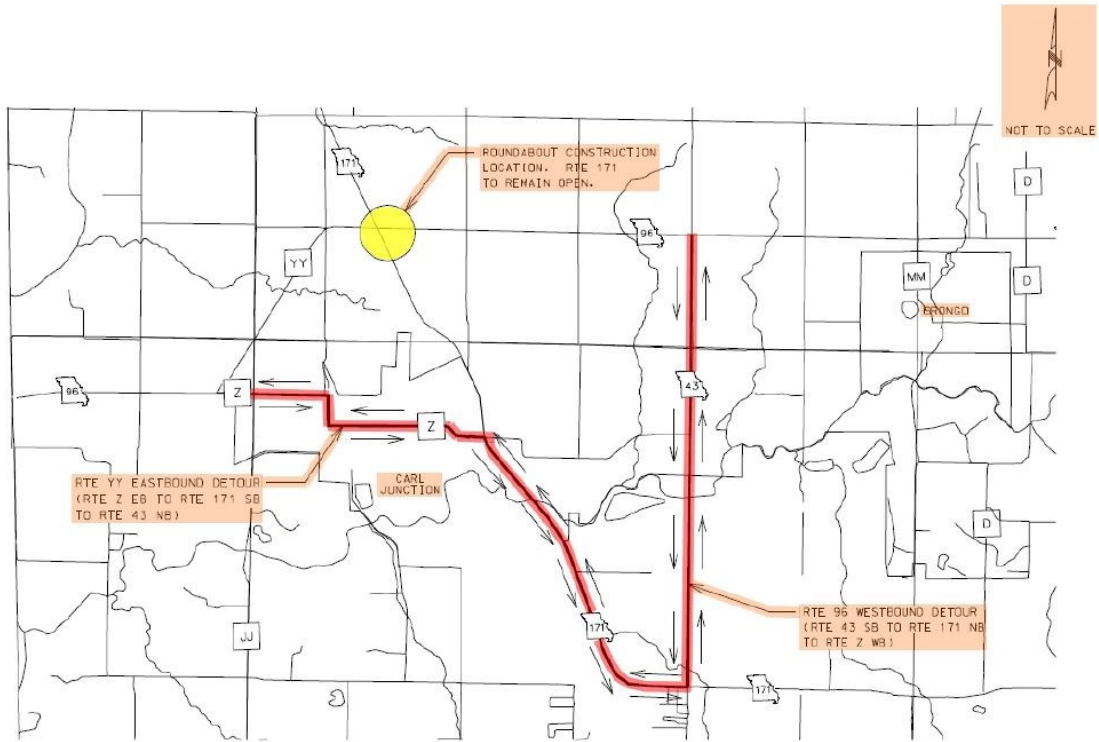

Estimated Total Project Cost: \$4.2 million
