ADDENDUM #1
FLASHING YELLOW ARROW PROEJCT
CMAQ-7302(652)
BID 4105

ATTENTION ALL PLAN HOLDERS:

The City of St. Charles is issuing this Addendum to the Flashing Yellow Arrow, CMAQ-7302(652) Bid Documents. The purpose of the addendum is to clarify the pay item "Modify Existing Signal Cabinet". This modification affects JSP J - "Modify Existing Signal Cabinet". The revised bid information is as follows, highlighted in yellow:

J.   MODIFY EXISTING SIGNAL CABINET

1.1 Description. *The work shall consist of furnishing, installing, and performing all work necessary within the existing traffic signal cabinet to provide fully functioning flashing yellow arrow traffic signal heads as shown on the plans (see controller/signal phasing sheets for details). All signal controller programming and firmware upgrades required to provide a fully functional, operational flashing yellow arrow signal head indication shall be done by the contractor as part of this pay item. Contractor shall ensure during flashing operation that the FYA signal heads flash red simultaneously with the adjacent signal heads on each approach. New MMU, miscellaneous wiring, hardware, or materials needed for the installation will be considered incidental to this pay item. Failure to demonstrate a fully functioning signalized intersection during the test period will not be accepted and remain the responsibility of the Contractor. For test period information, see section 902.21 of the Missouri Standard Specifications for Highway Construction.*

1.2 Cabinet Prints. *Once work has been accepted, the contractor will provide four full sized sets of revised cabinet hard copy prints (22" x 34"), one electronic copy per intersection in the PDF format, from the cabinet manufacturer to reflect the finished condition of the cabinet and the work done.*

2.0 Basis of Payment. *Payment shall be made per intersection of the unit EACH.*

Please adjust your bid accordingly.
