

## INTRASTATE OPERATING AUTHORITY INSURANCE REQUIREMENTS

### Pursuant to 7 CSR 265-10.030 – Insurance

## PUBLIC LIABILITY AND PROPERTY DAMAGE INSURANCE

Every motor carrier operating motor vehicles within Missouri must at all times have on file and approved a surety bond or a certificate of public liability and property damage insurance (on an approved form) which must show specifically that the required uniform endorsements are attached to the policy covering each motor vehicle in amounts not less than in the table below.

Any freight-carrying vehicle while transporting household goods in intrastate commerce within Missouri must have on file and approved a surety bond or certificate of cargo insurance in amounts not less than provided in the table below. Any shipper and contract carrier may agree upon different limits of cargo insurance that those set forth or the shipper may expressly waive the requirements of any cargo insurance. Any such agreement or waiver must be evidenced in writing and filed with the division in lieu of policy of insurance.

All filings must be delivered electronically via MoDOT Carrier Express. *Faxed and mailed copies will only be accepted upon a limited basis.* Our agency may accept or reject these documents for filing through the mail, by fax, any national clearinghouse or private database, electronic mail (e-mail), or other approved electronic media. A person that offers photocopies, FAX copies, or electronic documents for filing are bound by them as if they were signed originals. All documents offered for filing must comply with the applicable requirements and be properly signed or otherwise authenticated in accordance with this agency's rule. All insurance forms, including duplicates and copies, must be legible.

Insurance certificates, surety bonds, or other documents for filing must have the Missouri Department of Transportation as the filing agency name. Before any policy of insurance will be accepted for intrastate authority, the insurance company issuing the policy must be duly authorized to transact business in the state of Missouri, to issue the policy offered, and financially able to meet the obligations thereof. Every surety bond and insurance certificate must show specifically that the required uniform endorsements are attached to the policy covering each motor vehicle in amounts not less than the amounts depicted on the table below.
