1.888.ASK MODOT (275.6636)

Feb 8, 2018

Dear Consultant:

The Missouri Highways and Transportation Commission is requesting the services of a consulting engineering firm to perform the described professional services for the project included on the attached list.

If your firm would like to be considered for these consulting services, you may express your interest by responding to the appropriate office, which is indicated on the attachments. Limit your letter of interest to no more than three pages. This letter should include a statement to indicate your firm's understanding of the project. It should also include any other information which might help us in the selection process, including key personnel you would assign to the project and the backgrounds of those individuals, and any sub-consultants you would propose to use, and an indication of your firm's approach to promoting and developing a diverse workforce. MoDOT is committed to reflecting the diversity of the communities we serve and we expect our partners to do the same. We will utilize the consultant information already on file so we will not need a lengthy submittal of other general company information. In addition, please attach one page with detailed information on similar projects that your key personnel have worked on. Indicate the role your key personnel played in the projects and include reference contact information.

DBE firms must be certified by the Missouri Department of Transportation in order to be counted as participation towards an established DBE Goal. We encourage DBE firms to submit letters of interest as prime consultants for any projects they feel can be managed by their firm. We also encourage both DBE firms and non-DBE firms to consider joining MoDOT's Mentor/Protégé program whenever possible as part of a MoDOT project.

MoDOT will evaluate firms based on: Project Understanding & Innovation, Past Performance, Qualifications of Personnel Assigned, General Experience of Firm, Familiarity/Capability, Accessibility of Firm & Staff. Firm's not providing a response on approach to workforce diversity will be considered non-responsive to this solicitation. Firm's that are not current on all of the required prequalification categories found in [MoDOT's Approved Consultant Prequalification List](#) at the date of the solicitation expiration will be considered non-responsive.

We request all letters be received by 3:00 pm, March 1, 2018 at the appropriate office.

Sincerely,

Eric Schroeter, P.E.
State Design Engineer

Central District

Route 63, Boone and Callaway Counties	
Job No:	J5P3195
Location:	Route H to 1.1 mile north of Route 54 in Callaway County
Proposed Improvement:	Includes determining options for safety improvements at all the at-grade intersections within the limits of the project. (13 intersections excluding E. Liberty Lane & Peterson Lane) Plans will be taken through approved preliminary plans for each location. Accident data will be provided.
Length:	N/A
Approximate Construction Cost:	10 million
DBE Goal (if applicable)	10%
Consultant Services Required:	Conceptual Design Options and Recommendations: Conceptual intersection design and presentation of each intersection option to be evaluated and preferred option designed to approved preliminary plans. The consultant will prepare approved preliminary plans and estimate for each intersection within the project limits. At MoDOT's discretion some of the locations may be considered for final plan design with this contract. Public involvement: Includes significant public involvement and the consultant will prepare any exhibits for public involvement. Surveying: Perform all field surveying including project mapping. Professional land surveying to establish existing land corners, property lines, and if there are any right of way impacts associated with conceptual design.
Other Comments:	Interviews or presentation will not be required for the consultant selection.
