

# 2020 Major Work Zones

**1. St. Louis City, I-44 Bridge improvements over Jefferson.** Drivers should expect significant traffic shifts during the project. No access to Jefferson from the ramp from northbound I-55 to westbound I-44 during the project. . The ramp from Lafayette to westbound I-44 and the ramp from Jefferson to eastbound I-44 will be closed during the project.

**2. St. Louis County, I-44 Meramec River Bridge,** including eastbound I-44/southbound I-270 bridge to Watson Road. The ramp from EB I-44 and southbound I-270 to eastbound Watson Road will be closed for three months after Memorial Day;

**3. Franklin County, I-44 resurfacing** from St. Louis County to Route 30 and on Loop 44 from Neosho St. to Route 100. Expect off-peak daytime lane closures, starting in spring and ending in late fall.

**4. Interstate 55 from Route A to Route 67,** adding southbound auxiliary lanes. Drivers can expect extended lane closures during construction, which begins in summer 2020 and will be completed in summer 2021.

**5. St. Louis City, I-64 interchange improvements at 22nd Street.** This will construct a full interchange between 21st Street and Jefferson in the city of St. Louis. Several ramps will be completely closed (five of which have already closed at the request of the city of St. Louis).

**6. St. Charles County, Bridge rehabilitation at the I-70 Blanchette Bridge.** During this construction project, drivers should expect delays crossing the I-70 Blanchette Bridge. Both the westbound and eastbound bridges will be reduced to three through lanes through November 2020. The ramp from Veterans Memorial Parkway to eastbound I-70 will be closed through November 2020.

**7. St. Louis County, I-270 North.** This section of I-270 North was constructed in the 1960s and the bridges need to be replaced. The updated, modern design will improve safety and traffic flow and includes interchange reconstruction, additional highway lanes, improved accessibility for pedestrians and bikes, and an updated outer road system. Drivers can anticipate traffic shifts, lane closures and other impacts during construction which begins in April.

**8. St. Louis County, Route 100 (Manchester Road) between Big Bend and Lindbergh.** Work updates signals and drainage along the corridor, updates sidewalks to meet Americans with Disabilities Act requirements. Starts in late 2020.

**9. St. Louis County, Route AB (Ladue Road) bridge replacement over Hibler Creek.** After Memorial Day, crews will close Route AB at Hibler Creek for three months to replace the bridge over the creek.
