Dear Consultant:

RE: St. Louis County, Route I-64 – Job Nos. J6I2381 & J6I2434

The Missouri Highways and Transportation Commission is requesting the services of a consulting engineering firm to perform the described professional services for the project included on the attached list.

If your firm would like to be considered for these consulting services, you may express your interest by responding to the appropriate office, which is indicated on the attachments. Limit your letter of interest to no more than two pages. This letter should include a statement to indicate your firm's understanding of the project, understanding of workforce diversity and any other information which might help us in the selection process, including key personnel you would assign to the project and the backgrounds of those individuals, and any sub-consultants you would propose to use. We will utilize the consultant information already on file so we will not need a lengthy submittal of other general company information. In addition, please attach one page with detailed information on similar projects that your key personnel have worked on. Indicate the role your key personnel played in the projects and include reference contact information.

DBE firms must be certified by the Missouri Department of Transportation in order to be counted as participation towards an established DBE Goal. We encourage DBE firms to submit letters of interest as prime consultants for any projects they feel can be managed by their firm.

MoDOT will evaluate firms based on: Design Innovation, Successful Past Performance, Qualifications of Personnel Assigned, Commitment to a Diverse Workforce and Familiarity/Accessibility of Firm and Staff.

We request all letters be received by 3:00 pm, February 11, 2013 at the appropriate office. Please contact Tom Montes-de-Oca, Project Manager at 314-453-5031 if you have any questions.

Sincerely,

Kathryn Harvey, P.E.
State Design Engineer
