November 6, 2009

Dear Consultant:

The Missouri Highways and Transportation Commission is requesting the services of a consulting engineering firm to perform the described professional services for the project included on the attached list.

If your firm would like to be considered for these consulting services, you may express your interest by responding to the appropriate office, which is indicated on the attachments. Limit your letter of interest to no more than four pages. This letter should include a statement to indicate why your firm is interested in the project. It should also include any other information which might help us in the selection process, such as the persons or team you would assign to each project, the backgrounds of those individuals, and other projects your company has recently completed or are now active. We will utilize the consultant information already on file so we will not need a lengthy submittal of other general company information.

DBE firms must be certified by the Missouri Department of Transportation in order to be counted as participation towards an established DBE Goal. We encourage DBE firms to submit letters of interest as prime consultants for any projects they feel can be managed by their firm.

We request all letters be received by 3:00 pm, January 5, 2010 at the appropriate office.

Sincerely,

Dave Nichols
Director of Program Delivery

District 6

Job Number:	J6Q2039
Location:	I-44 from Pacific Exit to west of Route 50 in Franklin County and various locations within the St. Louis Metro Area.
Proposed Work:	Install Intelligent Transportation System (ITS) devices and the Uninterrupted Power Supplies (UPS).
Length:	I-44 section is about 14.4 miles. In addition, there will be various DMS (Dynamic Message Signs) and UPS (Uninterrupted Power Supplies) locations within the St. Louis Metro Area.
Approximate Construction Cost:	\$3.464M (including the MoDOT furnished items)
Consultant Services Required:	Preparing preliminary and final plans. Final plans must be submitted to D6 Project Manager by December 2, 2011.
Other Comments:	We are requesting that the letter of interest be sent to qualified consultant firms who have extensive ITS experience, especially in the ITS Communication Design fields.
