SINGLE FEASIBLE SOURCE PURCHASE POSTING NOTICE

Title: Palmer Johnson MG509dc4:5.1 transmission

Description: The New Bourbon Regional Port Authority intends to purchase a Palmer Johnson MG509dc4:5.1 transmission for use in its ferry boat the Ste. Genevieve. This single feasible source product can be used to replace the current Palmer Johnson transmission with no necessary modification of the hull. The use of a different transmission would require costly additional modification to the boat's hull. A detailed description of the MG509dc4:5.1 is attached.
