## ON YOU

For more than eight decades, clients have chosen Wilson & Company to help them move from concept to completion, unused spaces to productive places, underutilized to efficient facilities, and rural and urban challenges to achievable solutions. We provide you with engineering, architecture, planning, environmental, survey & mapping, and construction management services.

We focus on your specific needs to deliver high-quality professional services with lasting Higher Relationships in mind:

**Discipline** – do it right with attention to details, without exception.

**Intensity** – do what it takes to meet and exceed your expectations.

**Collaboration** – work together to bring out the best in the entire team.

**Shared ownership** – adopt your goals as our own.

**Solutions** – create outcomes that achieve your goals in a win-win environment.

# COMMITMENT

## TO SAFETY

Wilson & Company's safety culture is built on the premise that all accidents and injuries are preventable. Our Take 2 Safety program promotes individual responsibility and accountability as well as team participation. We consistently reinforce our safety principles with education and training.
