

ADDENDUM NO. 2

ISSUED BY: Howe Company LLC
804 E. Patton Street
Macon, MO 63552

DATE: November 30, 2020

FOR: Lewis County Airport Authority
Runway 18/36 Maintenance
Project No. 20-048A-1

The attached revisions hereby supersede any and all data with which they may conflict as indicated on the Drawings, Specifications and related documents issued in the original set. Each trade is responsible for changes in its work caused by changes in the work of other trades. This addendum is a part of and shall be attached to the original set of plans and specifications for the work.

THIS ADDENDUM SHALL BECOME A PART OF THE SPECIFICATIONS NOTED ABOVE. RECEIPT OF THIS ADDENDUM SHOULD BE ACKNOWLEDGED ON THE BID FORM.

The following are presented questions and answers;

Question 1: Are the bid quantities of mud ball hole repair and aggregate pop-out verified? Plan sheet 3 has a pavement distress table that only lists 14 Mud Ball holes (bid quantity 162) and 4 aggregate pop-outs (bid quantity 154). This is a large difference between documented pavement distresses and the bid quantities.

Answer 1: Bidders should plan to make the number of mud ball hole repairs that are shown on the bid form.

Question 2: There is not a bid bond form included in the bidding documents. Can the bidder use a form provided by their surety?

Answer 2: Use the Bid Bond form attached to this addendum.

There is no change in the bid date and time.
