

Eastbound I-44 Bridge Replacement

Pickernel Creek west of Springfield

Project Facts:

- ♦ Replace eastbound I-44 bridge over Pickernel Creek (Mile Marker 64.2) with wider structure
- ♦ Install new guardrail approaching bridge
- ♦ Add 10-foot shoulders to bridge

Traffic Impacts:

- ♦ Narrowed eastbound lanes
- ♦ Nighttime lane closings
- ♦ Starting in mid-September, one eastbound lane closed 'round the clock with traffic shifted to median
- ♦ Traffic congestion expected
- ♦ If traffic backups occur on I-44, traffic diverted to Route 266 which parallels I-44
- ♦ No impacts for westbound I-44

Estimated Total Cost: \$3.4 million

Construction: July 16 through mid-December 2018
