

Missouri Route 13 Intersection Improvements

Clinton to Springfield

Project Facts:

- MoDOT is taking a systematic approach to improving safety at high-crash intersections along Missouri Route 13 between Clinton and Springfield
- Public input from January 2017 public meetings helped prioritize improvements
- Up to 10 intersections are set for safety improvements (map on back)
- In 2018, MoDOT will build as many of the planned intersection projects as possible. However, some work may be delayed if funding runs short.

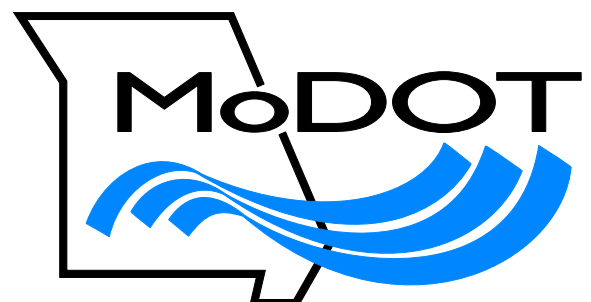

Construction: As early as summer 2018

Total estimated project cost: \$10.5 million
