

SPECIAL NOTICE TO CONTRACTORS

Information Session – High Pressure Sodium (HPS) to Light Emitting Diode (LED) Lighting Conversion Project

October 4, 2021

An information session has been scheduled to discuss a project to convert all high mast, tunnel, underpass, and roadway lighting on the state system, from high pressure sodium (HPS) to light emitting diode (LED). This project is being pursued to have a comprehensive update to our state highway lighting system and to attempt to take advantage of the rebates currently offered by electrical companies.

The primary intent of this meeting is to get input and gather knowledge from industry on contractibility and realistic scoping of the project. Preliminary numbers as to the scale of the project will also be shared.

An information meeting has been scheduled for the following date, time, and location:

Date: October 26, 2021

Time: 12:00 p.m.

Location: Cisco WebEx Virtual Meeting

Meeting Link:
