

---

**MOSLEY ROAD IMPROVEMENT PROJECT**  
**FEDERAL PROJECT NUMBER STP-5526(647)**  
CITY OF CREVE COEUR, MISSOURI

---

**ADDENDUM #1**  
JANUARY 20, 2022

---

Bidders are hereby instructed to make the following four (4) changes to the Bid Documents for the project referenced above and to consider these changes and the responses to the requests for information included herein when making a Bid for the work specified in the Bid Documents:

- 
- Item #1:** Plan Sheet Correction. Sheet #7 of the construction plans was found to have a shading error, and a replacement Sheet #7 is included in this addendum.

**Discussion:** Sheet #7 is the first of the plan and profile sheets in the construction plans. This sheet mistakenly omitted the shading that indicates the limits of work for mill and overlay, new and replacement asphalt pavement, and concrete removal and replacement. Sheet #7 has been corrected to include the proper shading, and this corrected Sheet #7 is included in this addendum. No other changes were made to the plan sheet.

- 
- Item #2:** Item #412-10.10 Pavement Surfacing and Texturing, Micro Milling. The item number and name of this item will be changed to Item #412-10.02 Pavement Surfacing and Texturing (0" to 2"), Concrete or Asphalt. An amended page of the Itemized Bid Form is included as part of this addendum for the bidders' use.

**Discussion:** The new item name will better reflect the work that is required to remove the pavement surface. The original name of the item can be interpreted to mean a specialized type of pavement milling that will not be required for this project. The intent of this work (as shown on the construction plans) is to remove up to 2" of the pavement surface such that a 2" overlay of bituminous concrete creates a uniform, 2% cross slope for the pavement. A portion of Mosley Road currently has a cross slope that exceeds 2%, so this portion of Mosley will require variable-depth milling to achieve a 2% final cross slope.

Page 8 of the Request for Bid document has been amended to update the bid item number and name. The construction plans will not be similarly amended.

---

Item #3: Federal Wage Rates. The federal wage rates that apply to the project have been updated as of January 7, 2022. These updated wage rates will become part of the contract for the project.

Discussion: The City of Creve Coeur is obligated to use the most up-to-date version of the federal wage rates for the project, with the exception of any changes that occur within ten (10) days of the date that the bids are due to the City. The most recent updates to the applicable federal wage rates occurred on January 6, which was nineteen (19) days prior to the date when the bids are due. Therefore, the revised federal wage rates must be included as part of the bid documents and the construction contract.

---

Item #4: Item #901-99.01 Rectangular Rapid Flashing Beacon Pedestrian System. The Rectangular Rapid Flashing Beacon Pedestrian System shall include signs and beacons on both sides of each pole.

Discussion: The rectangular rapid flashing beacon pedestrian system can be configured to include the signs and beacon on one or both sides of the pole, thus facing one or both directions of traffic. The City requires that the beacons and signs be installed on both sides of each pole.

---

Item #5: Requests for Information. The City offers the following points of clarification related to questions about the project that have been asked during the bidding process. Some of the questions have been paraphrased and/or condensed:

1. Item 203-10.00 Class "A" Excavation.

Question: *What is considered Class "A" Excavation for this project?*

Response: This item covers all removals for the asphalt roadway, side streets, and driveways. Concrete pavement removal is included under the Removal of Improvements item.

2. Item 405-30.10 Type "C" Bituminous Concrete (Pavement)

Question: *Does the type "C" bituminous concrete item represent a 2" thick overlay for the milling and road-widening areas?*

Response: The Type "C" Bituminous Concrete (Pavement) item represents the 2" surface pavement thickness for the milling and widening areas of Mosley, the variable depth 'wedge' areas as needed in the northbound lane (shown in typical sections), the 2" thickness for overlay of asphalt side streets, the 2" thickness for full-depth asphalt side streets, and the 3" thickness for asphalt driveways.

Question: *What conversion factor was used to determine the tonnage quantity for Type "C" Bituminous Concrete?*

Response: The tonnage of Type "C" Bituminous Concrete was calculated using a weight of 2 tons per cubic yard.

**3. Item 405-30.25 Asphalt Pavement Repair (Full Depth)**

Question: *Where are the locations for the City (4 locations – 249 SY) and State (9 locations – 435 SY) pavement repairs?*

Response: The schedule of quantities sheets in the construction plans list the estimated quantity of full-depth pavement repairs that are expected per plan sheet. Some of these repair locations can be identified now by looking at the failing pavement surface, but the full extent of the pavement repairs needed for the project may not be known until the pavement surface is milled off and the base pavement is exposed.

**4. Item 405-30.30 Type "X" Bituminous Concrete (Base)**

Question: *Where will the Type "X" Bituminous Concrete (Base) item be used on this project?*

Response: There are two locations along Mosley Road (i.e., Sta. 40+40 to Sta. 42+20, and Sta. 48+95 to Sta. 51+20) and some of the side streets (e.g., Tureen Drive, Tri Lane, and Mosley Farm Court) that will be fully reconstructed and will require the Type "X" Bituminous Concrete (Base) item.

Question: *What calculation is being used for converting the Type "X" Bituminous Concrete (Base) item into tons?*

Response: The tonnage of Type "X" Bituminous Concrete was calculated using a weight of 2 tons per cubic yard.

**5. Item 609-10.10 Concrete Curb, Type "S."**

Question: *Please provide the locations on the plans for Type "S" curbing.*

Response: Type "S" concrete curbing will be required to replace the curbing along the west side of Mosley Road where Mosley Road will be fully reconstructed (i.e., Sta. 40+40 to Sta. 42+20, and Sta. 48+95 to Sta. 51+20). In addition to these areas, an estimated amount of Type "S" concrete curbing is included in the project to account for an expected need to replace some of the curbing that is immediately adjacent to sections of sidewalk that are planned for replacement.

**6. Item 609-99.03 Replace Concrete Curb.**

Question: *Are the quantities of the Replace Concrete Curb item correct? The take-off quantity on the plans seems to be higher than the bid quantity.*

Response: The bid quantity appears to be correct. Curb replacement along an accessible curb ramp will be considered incidental to the curb ramp, so that portion of the concrete curbing will not be measured for separate payment.

**7. What permits are required for this project?**

The Metropolitan St. Louis Sewer District (MSD) has reviewed and approved the Mosley Road project. A permit from MSD is ready for the City's contractor to pick up from MSD's office.

The contractor will need to get a permit from the Missouri Department of Transportation (MoDOT) for any use or disturbance of Olive Boulevard.

**8. Who is responsible for repairing and/or relocating irrigation systems that are disturbed through this project? What street addresses have irrigation systems?**

The contractor will be responsible for locating, protecting, repairing, and relocating (as the case may be) residential irrigation systems and invisible dog fences that are encountered along the project limits. The City has not determined the location of every irrigation system along the project, but the City assumes that most or all properties along the project have irrigation systems. The Contractor will need to notify each property owner prior to the project to request that the property owners have their facilities marked.

Several properties where irrigation systems are known to exist include:

- 131 North Mosley Road
- 417 North Mosley Road
- 429 North Mosley Road
- 432 North Mosley Road
- 562 North Mosley Road
- 730 North Mosley Road
- 1 Morwood Lane
- 11247 Mosley Hill Drive

This should not be considered a complete list of properties where private irrigation systems exist within the public right of way along Mosley Road.

---

**Addendum Summary**

---

The four (4) changes included in this addendum affect thirty-one (31) pages of the Request for Bid document and one (1) page of the Construction Plans, as summarized below:

Item #1: This addendum includes a replacement page for Sheet 7 of the Construction Plans. Bidders are instructed to consider this replacement page when interpreting the scope of work for the project and when formulating their bid.

Item #2: The revised item number and item name for Item #412-10.10 Pavement Surfacing and Texturing, Micro Milling will impact one (1) page of the Request for Bid document. This addendum includes a replacement page for page 8 of the Request for Bid, which is part

---

of the Itemized Bid Form. Bidders are instructed to use this replacement page as part of their bid for the project.

- Item #3: The most recent Federal Wage Rates impact thirty (30) pages of the Request for Bid document. This addendum includes replacement pages for the Federal Wage Rate Determination section of the Request for Bid (i.e., pages 109-138). Bidders are instructed to consider these replacement pages with their bid.
- Item #4: The clarification regarding Item #901-99.01 Rectangular Rapid Flashing Beacon Pedestrian System does not alter the bid documents.
- Item #5: The request for information does not alter the bid documents.
- 

## **END ADDENDUM #1**

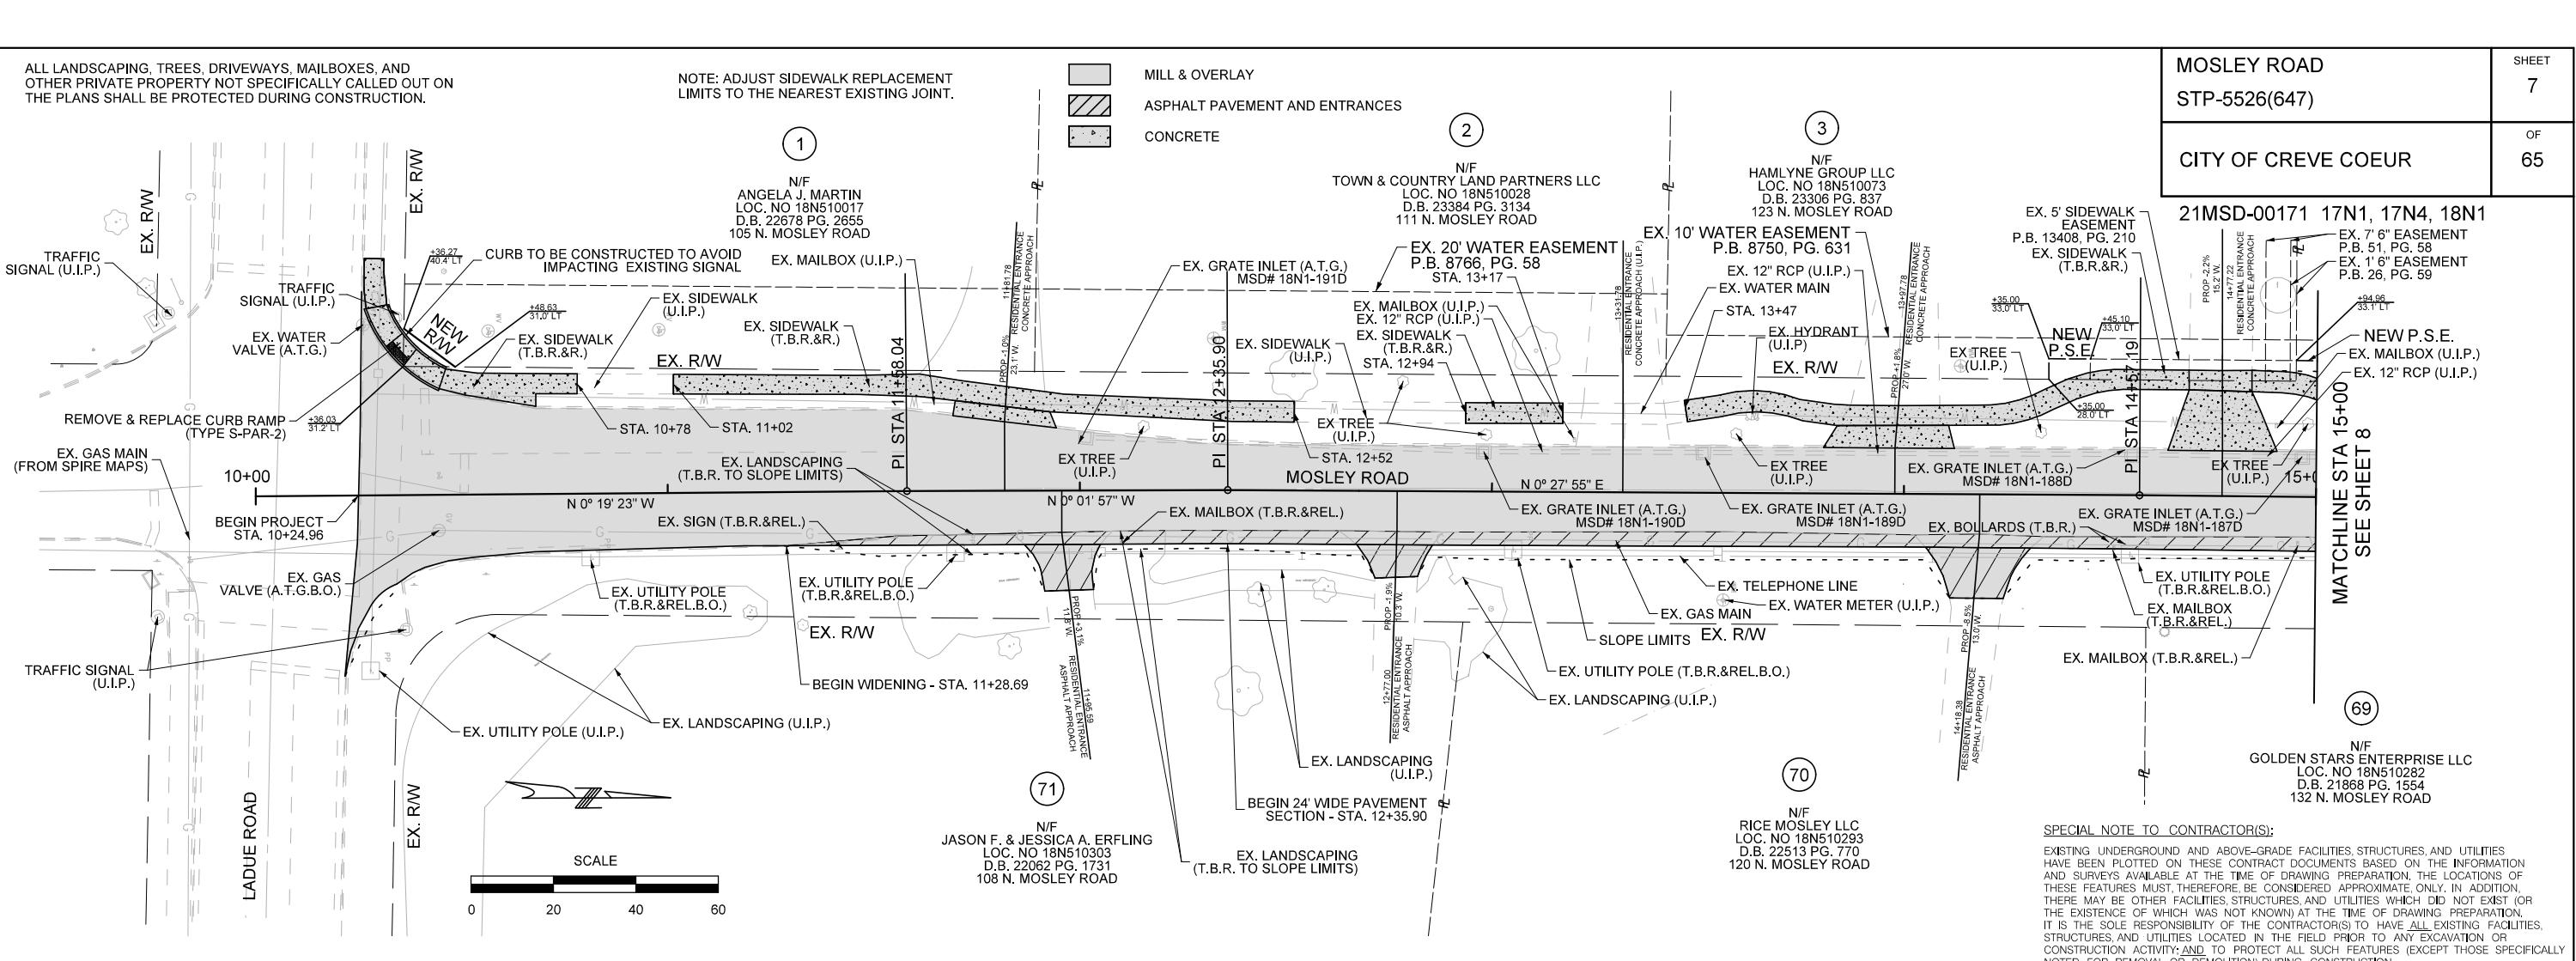

ALL LANDSCAPING, TREES, DRIVEWAYS, MAILBOXES, AND OTHER PRIVATE PROPERTY NOT SPECIFICALLY CALLED OUT ON THE PLANS SHALL BE PROTECTED DURING CONSTRUCTION.

**NOTE: ADJUST SIDEWALK REPLACEMENT LIMITS TO THE NEAREST EXISTING JOINT.**

MILL & OVERLAY  
ASPHALT PAVEMENT AND ENTRANCES  
CONCRETE

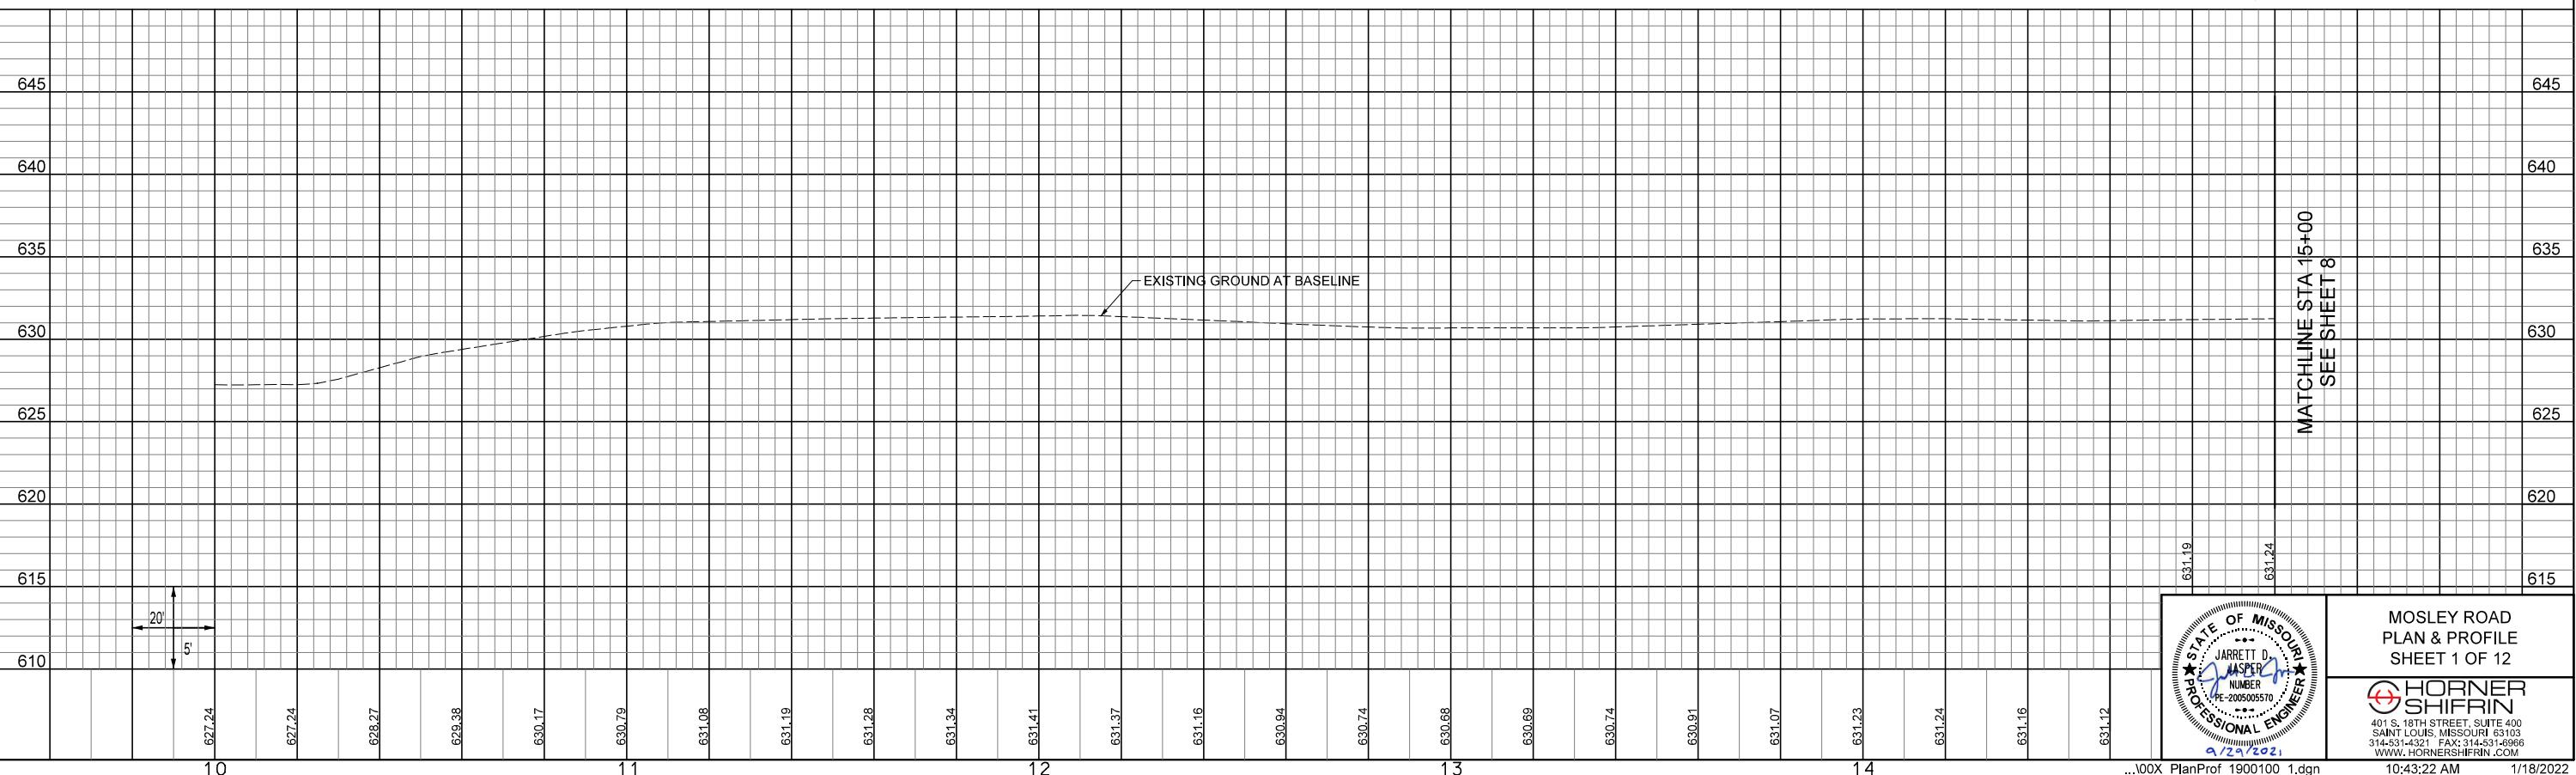

MOSLEY ROAD

SPECIAL NOTE TO CONTRACTOR(S):

EXISTING UNDERGROUND AND ABOVE-GRADE FACILITIES, STRUCTURES, AND UTILITIES HAVE BEEN PLOTTED ON THESE CONTRACT DOCUMENTS BASED ON THE INFORMATION AND SURVEYS AVAILABLE AT THE TIME OF DRAWING PREPARATION. THE LOCATIONS OF THESE FEATURES MUST, THEREFORE BE CONSIDERED APPROXIMATE ONLY. IN ADDITION, THERE MAY BE OTHER FACILITIES, STRUCTURES, AND UTILITIES WHICH DID NOT EXIST (OR THE EXISTENCE OF WHICH WAS NOT KNOWN) AT THE TIME OF DRAWING PREPARATION. IT IS THE SOLE RESPONSIBILITY OF THE CONTRACTOR(S) TO HAVE ALL EXISTING FACILITIES, STRUCTURES, AND UTILITIES LOCATED IN THE FIELD, PRIOR TO ANY EXCAVATION OR CONSTRUCTION ACTIVITY AND TO PROTECT ALL SUCH FEATURES (EXCEPT THOSE SPECIFICALLY NOTED FOR REMOVAL OR DEMOLITION DURING CONSTRUCTION).

## Itemized Bid Form

### Mosley Road Improvement Project -- STP-5526(647) Mosley Road (Ladue Road to Olive Boulevard)

#### HEAVY AND HIGHWAY CONSTRUCTION PROJECTS

Note: Contracts subject to the Davis-Bacon Act are generally required to pay at least the applicable minimum wage rate required under Executive Order 14026 or Executive Order 13658. Please note that these Executive Orders apply to covered contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but do not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(2)-(60).

If the contract is entered into on or after January 30, 2022, or the contract is renewed or extended (e.g., an option is exercised) on or after January 30, 2022, Executive Order 14026 generally applies to the contract. The contractor must pay all covered workers at least \$15.00 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on that contract in 2022.

If the contract was awarded on or between January 1, 2015 and January 29, 2022, and the contract is not renewed or extended on or after January 30, 2022, Executive Order 13658 generally applies to the contract. The contractor must pay all covered workers at least \$11.25 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on that contract in 2022.

The applicable Executive Order minimum wage rate will be adjusted annually. If this contract is covered by one of the Executive Orders and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must still submit a conformance request.

Additional information on contractor requirements and worker protections under the Executive Orders is available at [www.dol.gov/whd/govcontracts](http://www.dol.gov/whd/govcontracts).

#### POWER EQUIPMENT OPERATORS CLASSIFICATIONS

GROUP 1: Asphalt roller operator, finish; asphalt paver and spreader; asphalt plant operator; auto grader or trimmer or sub-grader; backhoe; blade operator (all types); boilers - 2; booster pump on dredge; bulldozer operator; boring machine (truck or crane mounted); clamshell operator; concrete mixer paver; concrete plant operator; concrete pump operator; crane operator; derrick or derrick trucks; ditching machine; dragline operator; dredge engineman; dredge operator; drill cat with compressor mounted (self-contained) or similar type self- propelled rotary drill (not air tract); drilling or boring machine (rotary-self-propelled); finishing machine operator; greaser; high loader-fork lift-skid loader (all types); hoisting engineer (2 active drums); locomotive operator (standard guage); mechanics and welders (field and plants); mucking machine operator; pile drive operator; pitman crane or boom truck (all types); push cat; quad track; scraper operators (all types); shovel operator; sideboom cats; side discharge spreader; skimmer scoop operators; slip form paver operator (CMI, Rex, Gomeco or equal); la tourneau rooter (all tiller types); tow boat operator; truck crane; wood and log chippers (all types).

GROUP 2: A-frame truck operator; articulated dump truck;

back filler operator; boilers (1); chip spreader; churn drill operator; compressor; concrete mixer operator, skip loader; concrete saws (self-propelled); conveyor operator; crusher operator; distributor operator; elevating grader operator; farm tractor (all attachments); fireman rig; float operator; form grade operator; hoisting engine (one drum); maintenance operator; multiple compactor; pavement breaker, self-propelled hydra-hammer (or similar type); paymill operator; power shield; pumps; roller operator (with or without blades); screening and washing plant; self-propelled street broom or sweeper; siphons and jets; straw blower; stump cutting machine; siphons and jets; tank car heater operator (combination boiler and booster); welding machine; vibrating machine operator (not hand held); welding machine.

- GROUP 3: (a) Oiler;  
 (b) Oilier driver  
 (c) Mechanic.

#### HOURLY PREMIUMS:

THE FOLLOWING CLASSIFICATIONS SHALL RECEIVE (\$ .25) ABOVE

GROUP 1 RATE: Dragline operator - 3 yds. & over; shovel 3 yds. & over; clamshell 3 yds. & over; Crane, rigs or piledrivers, 100' of boom or over (incl. jib.), hoist - each additional active drum over 2 drums

THE FOLLOWING CLASSIFICATIONS SHALL RECEIVE (\$ .50) ABOVE

GROUP 1 RATE: Tandem scoop operator; crane, rigs or piledrivers 150' to 200' of boom (incl. jib.)

THE FOLLOWING CLASSIFICATIONS SHALL RECEIVE (\$ .75) ABOVE

GROUP 1 RATE: Crane rigs, or piledrivers 200 ft. of boom or over (including jib.)

Power equipment operators:

GROUP 1.....	\$ 31.72	14.88
GROUP 2.....	\$ 31.37	14.88
GROUP 3.....	\$ 31.17	14.88
GROUP 4.....	\$ 29.12	14.88

POWER EQUIPMENT OPERATORS CLASSIFICATIONS

GROUP 1: Asphalt finishing machine & trench widening spreader; asphalt plant console operator; autograder;

Page 115  
ADDENDUM #1

automatic slipform paver; backhoe; blade operator - all types; boat operator - tow; boilers-2; central mix concrete plant operator; clamshell operator; concrete mixer paver; crane operator; derrick or derrick trucks; ditching machine; dozer operator; dragline operator; dredge booster pump; dredge engineman; dredge operator; drill cat with compressor mounted on cat; drilling or boring machine rotary self-propelled; highloader; hoisting engine - 2 active drums; launch hammer wheel; locomotive operator; - standard guage; mechanic and welders; mucking machine; off-road trucks; piledriver operator; pitman crane operator; push cat operator; quad trac; scoop operator - all types; shovel operator; sideboom cats; skimmer scoop operators; trenching machine operator; truck crane.

GROUP 2: A-frame; asphalt hot-mix silo; asphalt plant fireman (drum or boiler); asphalt plant man; asphalt plant man; asphalt plant mixer operator; asphalt roller operator; backfiller operator; barber-greene loader; boat operator (bridges and dams); chip spreader; concrete mixer operator - skip loader; concrete plant operator; concrete pump operator; crusher operator; dredge oiler; elevating grader operator; fork lift; greaser-fleet; hoisting engine - 1; locomotive operator - narrow gauge; multiple compactor; pavement breaker; powerbroom - self-propelled; power shield; rooter; side discharge concrete spreader; slip form finishing machine; stumpcutter machine; throttle man; tractor operator (over 50 h.p.); winch truck.

GROUP 3: Boilers - 1; chip spreader (front man); churn drill operator; clef plane operator; concrete saw operator (self-propelled); curb finishing machine; distributor operator; finishing machine operator; flex plane operator; float operator; form grader operator; pugmill operator; roller operator, other than high type asphalt; screening & washing plant operator; siphons & jets; sub-grading machine operator; spreader box operator, self-propelled (not asphalt); tank car heater operator (combination boiler & booster); tractor operator (50 h.p. or less); Ulmac, Ulric or similar spreader; vibrating machine operator, not hand;

GROUP 4: Grade checker; Oiler; Oiler-Driver

#### HOURLY PREMIUMS:

The following classifications shall receive \$ .25 above GROUP 1 rate:  
 Clamshells - 3 yds. or over; Cranes - Rigs or Piledrivers, 100 ft. of boom or over (including jib);  
 Draglines - 3 yds. or over; Hoists - each additional active drum over 2 drums; Shovels - 3 yds. or over;

The following classifications shall receive \$ .50 above GROUP 1 rate:  
 Tandem scoop operator; Cranes - Rigs or Piledrivers, 150 ft. to 200 ft. of boom (including jib); Tandem scoop.

The following classifications shall receive \$ .75 above GROUP 1 rate:  
 Cranes - Rigs or Piledrivers, 200 ft. of boom or over (including jib.).

GROUP 4.....	\$ 32.61	27.36

## POWER EQUIPMENT OPERATORS CLASSIFICATIONS

GROUP 1: Backhoe, Cable; Backhoe, Hydraulic (2 cu yds bucket and under regardless of attachment, one oiler for 2 or 3, two oilers for 4 through 6); Backhoe, Hydraulic over 2 cu yds; Cableway; Crane, Crawler or Truck; Crane, Hydraulic - Truck or Cruiser mounted, 16 tons and over; Crane, Locomotive; crane with boom including jib over 100 ft from pin to pin; Crane using rock socket tool; Derrick, Steam; Derrick Car and Derrick Boat; Dragline, 7 cu yds and over; Dredge; Gradall, Crawler or tire mounted; Locomotive, Gas, Steam & other powers; Pile Driver, Land or Floating; Scoop, Skimmer; Shovel, Power (Electric, Gas, Steam or other powers); Shovel, Power (7 cu yds and over); Switch Boat; Whirley; Air Tugger with air compressor; Anchor Placing Barge; Asphalt Spreader; Athey Force Feeder Loader, self-propelled; Backfilling Machine; Boat Operator - Push Boat or Tow Boat (job site); Boiler, High Pressure Breaking in Period; Boom Truck, Placing or Erecting; Boring Machine, Footing Foundation; Bullfloat; Cherry Picker; Combination Concrete Hoist and Mixer (such as Mixermobile); Compressor, Two 125 CFM and under; Compressor, Two through Four over 125 CFM; Compressor when operator runs throttle; Concrete Breaker (Truck or Tractor mounted); Concrete Pump (such as Pumpcrete machine); Concrete Saw (self-propelled); Concrete Spreader; Conveyor, Large (not selfpropelled) hoisting or moving brick and concrete into, or into and on floor level, one or both; Crane, Climbing (such as Linden); Crane, Hydraulic - Rough Terrain, self-propelled; Crane, Hydraulic - Truck or Cruiser mounted - under 16 tons; Drilling machine - Self-powered, used for earth or rock drilling or boring (wagon drills and any hand drills obtaining power from other souces including concrete breakers, jackhammers and Barco equipmnet no engineer required); Elevating Grader; Engine Man, Dredge; Excavator or Powerbelt Machine; Finishing Machine, self- propelled oscillating screed; Forklift; Generators, Two through Six 30 KW or over; Grader, Road with power blade; Greaser; Highlift; Hoist, Concrete and Brick (Brick cages or concrete skips operating or on tower, Towermobile, or similar equipment); Hoist, Three or more drums in use; Hoist, Stack; Hydro-Hammer; Lad-A-Vator, hoisting brick or concrete; Loading Machine such as Barber-Greene; Mechanic on job site

GROUP 2: Air Tugger with plant air; Boiler (for power or heating shell of building or temporary enclosures in connection with construction work); Boiler, Temporary; Compressor, One over 125 CFM; Compressor, truck mounted; Conveyor, Large (not self- propelled); Conveyor, Large (not self- propelled) moving brick and concrete (distributing) on floor level; Curb Finishing Machine; Ditch Paving Machine; Elevator (outside); Endless Chain Hoist; Fireman (as required); Form Grader; Hoist, One Drum regardless of size (except brick or concrete); Lad-A-Vator, other hoisting; Manlift; Mixer, Asphalt, over 8 cu ft capacity;

Mixer, one bag capacity or less; Mixer, without side loader, two bag capacity or more; Mixer, with side loader, regardless of size, not Paver; Mud Jack (where mud jack is used in conjunction with an air compressor, operator shall be paid \$.55 per hour in addition to his basic hourly rate for covering both operations); Pug Mill operator; Pump, Sump - self powered, automatic controlled over 2"'; Scissor Lift (used for hoisting); Skid Steer Loader; Sweeper, Street; Tractor, small wheel type 50 HP and under with grader blade and similar equipment; Welding Machine, One over 400 amp; Winch, operating from truck

GROUP 3: Boat operator - outboard motor, job site; Conveyors (such as Con-Vay-It) regardless of how used; Elevator (inside); Heater operator, 2 through 6; Sweeper, Floor

GROUP 4: Crane type

#### HOURLY PREMIUMS:

Backhoe, Hydraulic 2 cu yds or less without oiler - \$2.00;  
 Crane, climbing (such as Linden) - \$.50;  
 Crane, Pile Driving and Extracting - \$.50  
 Crane with boom (including job) over  
 100 ft from pin to pin - add \$.01 per foot  
 to maximum of \$4.00);  
 Crane, using rock socket tool - \$.50;  
 Derrick, diesel, gas or electric hoisting material  
 and erecting steel (150 ft or more above ground) - \$.50;  
 Dragline, 7 cu yds and over - \$.50;  
 Hoist, Three or more drums in use - \$.50;  
 Scoop, Tandem - \$.50;  
 Shovel, Power - 7 cu yds and over - \$.50;  
 Tractor, Tandem Crawler - \$.50;  
 Tunnel, man assigned to work in tunnel or  
 tunnel shaft - \$.50;  
 Wrecking, when machines are working on  
 second floor or higher - \$.50

800 hours of service in any one contract year; 5 days paid vacation for 1,000 hours of service in any one contract year. When such an employee has completed 3 years of continuous employment with the same employer and then works the above required number of hours, he shall receive double the number of days of vacation specified above. When such an employee has completed 10 years of continuous employment with the same employer and then works the above required number of hours, he shall receive triple the number of days of vacation specified above. When such an employee has completed 15 years of continuous employment with the same employer and then works the above required number of hours, he shall receive 4 times the number of days of vacation specified above.

---

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.

---

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at [www.dol.gov/whd/govcontracts](http://www.dol.gov/whd/govcontracts).

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

---

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

#### Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of

the union, which prevailed in the survey for this classification, which in this example would be Plumbers 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

#### Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

#### Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

---

#### WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Division National Office Branch of Wage Surveys. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
