

30508 SW Outer Road, Harrisonville, Mo 64701

REQUEST FOR QUALIFICATIONS (RFQ) ENGINEERING CONSTRUCTION SERVICES

GROH ROAD BRIDGE #19300101 REPLACEMENT FEDERAL PROJECT NO. BRO-B019(36)

Cass County, Missouri is requesting the services of a consulting engineering firm to perform the described professional services for the project included on the attached list. If your firm would like to be considered for these consulting services, you may express your interest by responding to the appropriate office, which is indicated on the attachments. Limit your letter of interest to no more than 2 pages. This letter should include any information which might help us in the selection process, such as the persons or team you would assign to each scope item, the backgrounds of those individuals, and other projects your company has recently completed or are now active. It is required that your firm's Statement of Qualification (RSMo 8.285 through 8.291) be submitted with your firm's Letter of Interest, or be on file with with Cass County. The statement of qualification is not included in the total page count limit.

DBE firms must be listed in the MRCC DBE Directory located on MoDOT's website at www.modot.gov, in order to be counted as participation towards an established DBE Goal. We encourage DBE firms to submit letters of interest as prime consultants for any project they feel can be managed by their firm.

It is required that your firm be prequalified with MoDOT and listed in MoDOT's Approved Consultant Prequalification List, or your firm will be considered non-responsive.

We request all letters be received by 2:00pm local time on March 14, 2022 at the following address:

Cass County Road & Bridge Attn: RFQ 30508 W Outer Rd Harrisonville, MO 64701

Sincerely,

Kelly Wray Road & Bridge Office Administrator

Past Record of Performance -	50	Max Points

ATTACHMENT A

The Scope of Services for the project is expected to include, but is not limited to, the following.

Bidding Phase – The Engineer will:

- 1. Upon receipt of authorization from MoDOT, provide the County with a list of Qualified bidders and assist the County in advertising for bids;
- 2. Assist the County in evaluating bids and requesting concurrence in award from MoDOT;
- 3. Provide assistance to the County in answering contractor questions regarding the plans and prepare addenda, if needed;
- 4. Attend a pre-bid meeting (as required);

Construction Phase – The Engineer will serve as the County's representative for administering the terms of the construction contract between the County and their Contractor. Engineer will endeavor to protect the County against defects and deficiencies in workmanship and materials in work by the Contractor. However, the furnishing of such project representation will not make the Engineer responsible for the construction methods and procedures used by the Contractor or for the Contractor's failure to perform work in accordance with the contract documents.

The Engineer's services will include more specifically:

- 1. Assist the County with a preconstruction conference to discuss the project details with the Contractor;
- 2. Make daily site visits while contractor is working to observe the Contractor's progress and quality of work, and to determine if the work conforms to the contract documents. It is contemplated that survey staking and layout will be accomplished by the Contractor's forces. The Engineer will accompany MoDOT and FWHA representatives on visits of the project site as requested;
- 3. Check shop drawings and review schedules and drawings submitted by the Contractor;
- 4. Reject work not conforming to the project documents;
- 5. Prepare chane orders for issuance by the County as necessary and assure that the proper approvals are made prior to work being performed;
- 6. Review wage rates, postings, equal employment opportunity and other related items called for in the contract documents:
- 7. Inspect materials, review material certifications furnished by the Contractor, sample concrete and other materials as required, and arrange for laboratory testing of samples by others on a subcontract basis. Independent assurance samples and tests may be performed by MoDOT personnel and such sampling and testing is excluded from the work performed by the Engineer under this contract;
- 8. Maintain progress diary and other project records, measure and document quantities, and prepare monthly estimates for payments due the Contractor;
- 9. Be present during critical construction operations, including but not limited to the following:
 - a. Structure layout;
 - b. Excavation and backfilling;
 - c. Driving of piles;
 - d. Checking of reinforcing steel prior to concrete placement;
 - e. Concrete batching and pouring;
 - f. Placement of girders;
 - g. Placement of surfacing materials; and
