

# Designing Pedestrian Facilities for Accessibility Virtual Training

Presented & Hosted by:

## 3 Day Training Registration:

DPFA Day 1: June 7, 2022 8:30 to 11:30 a.m.; 1:30 - 4:30 p.m.

DPFA Day 2: June 8, 2022 8:30 to 11:30 a.m.; 1:30 - 4:30 p.m.

DPFA Day 3: June 9, 2022 8:30 to 11:30 a.m.; 1:30 - 4:30 p.m.

**Course Description:** This course was designed to ensure that pedestrian facilities and access routes are properly constructed and maintained for individuals of all abilities. This virtual course focuses on proper design and maintenance of pedestrian access routes in new construction or when existing facilities are altered. Participants are engaged through a power point presentation, discussion, video demonstrations, small group activities, and includes presentations and discussion with individuals representative of various sects of the disability community, who will provide engagement opportunities promoting accessibility. This training was developed to provide information for those involved in the design and maintenance of pedestrian facilities, and for those individuals that ensure the proper adherence to all applicable laws and guidelines.

Module 1: Laws, Regulations and Pedestrian Characteristics

Module 2: Pedestrian Access Route (PAR)

Module 3: Curb Ramps and Other Transitions

Module 4: Detectable Warnings (truncated domes)

Module 5: Pedestrian Crossings

Module 6: Accessible Pedestrian Signals (APS)

Module 7: Street Furniture and Parking

Module 8: Work Zones & Maintenance
