Operations and Maintenance Summary	216

# MESSAGE FROM THE DIRECTOR

The state's transportation system is a tremendous asset for Missouri. A significant component of the state system is the 33,825 miles of roads and 10,387 bridges, both of which rank among the largest for any state in the nation. On average, Missouri drivers pay \$32 per month in fuel taxes and fees to fund the maintenance and improvements to this asset. Over the last 10 years, Missourians have invested in 4,221 projects totaling \$10.7 billion to maintain and improve the system. Looking forward, \$7.75 billion is estimated to be available for projects over the next five years for additional improvements. Including design and project development costs, the 2023-2027 Statewide Transportation Improvement Program totals \$10 billion, the largest program in Missouri history.

Last year, Missouri's motor fuel tax increased for the first time in 25 years. Senate Bill 262 increased Missouri's 17-cent motor fuel tax for the first time since 1996. Beginning in October 2021, the state fuel tax increased by 2.5 cents per gallon and will be phased in over five years, increasing each year by 2.5 cents until reaching the full 12.5 cents in July 2025. When fully implemented, Missouri's state fuel tax will be 29.5 cents per gallon. In total, the additional 12.5 cents will generate approximately \$500 million a year with \$350 million for the State Road Fund and \$75 million each for counties and cities.

The projects listed as "at risk" in this document could be removed with the repeal of SB262, subject to further review during the annual Statewide Transportation Improvement Program process with planning partners. The recent increase does offer a unique refund option. Missourians can request a refund for the amount they spend annually on the portion of the new tax through the Missouri Department of Revenue.

The list of projects is fiscally constrained by programming 80% of estimated financial resources for the five-year plan. This constraint is proving its value as inflation pressures continue to mount. The FY2022 projects came in at \$139 million, or 11.3%, over budget, which must be covered in the FY2024 STIP update, as well as construction cost increases in FY2023-2025. The schedule identified in this document may have to be adjusted unless inflation abates.

Despite the funding increase, transportation needs still greatly outweigh funding available. MoDOT works with its regional transportation planning partners to prioritize needs and fund projects that provide the greatest return on investment to taxpayers. Across every region of the state, feedback from Missourians has consistently prioritized maintaining the existing system as the highest priority. Other priorities include projects that improve safety and reliability, spur economic growth and provide more transportation choices.

“The five-year list of projects is fiscally constrained. The FY2022 projects came in \$139 million, or 11.3%, over budget, which must be covered in the FY2024 costs.”

# MESSAGE FROM THE DIRECTOR

With the priority of maintaining the existing system, MoDOT has developed asset management plans for each district with the goal to maintain current pavement and bridge conditions. The asset management plans focus on preventive maintenance improvements to keep good roads and bridges in good condition. Research shows preventive maintenance solutions, such as cyclical overlays on roads in good condition, are the most cost-effective approach to taking care of road and bridge assets. If preventive maintenance investments were not made, the cost of improving the asset in poor condition can cost four to ten times more.

One of the assets we're striving to maintain is our rural infrastructure. Over the next five years, the Missouri Highways and Transportation Commission is making a historic \$1.98 billion investment in minor and low-volume pavement and bridges. This includes thousands of lane miles of roadway improvements and hundreds of bridge repairs and replacements.

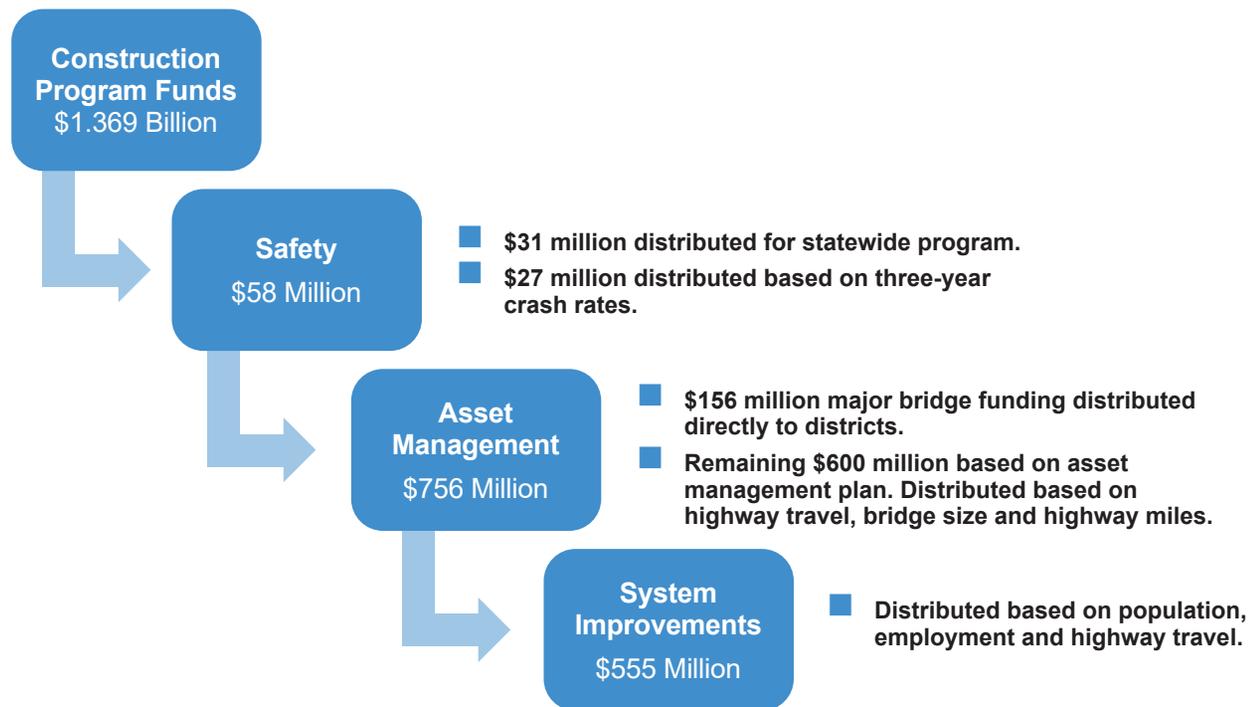

The projects in the Program deliver what taxpayers have asked for – take care of the existing system. While \$7.75 billion of available funding for construction represents a significant investment, many regions will only have adequate funding to maintain current pavement and bridge conditions. While maintaining the status quo is not what Missourians desire, it is not prudent for the state to expand the transportation system in regions that struggle to take care of the existing system.

Each MoDOT district receives funding to invest in Missouri's transportation system. Since 2003, the Missouri Highways and Transportation Commission has used a formula to distribute construction program funds for road and bridge improvements to each of its districts. The formula provides funding for safety improvements, asset management and system improvements.

## Financial and Regional Planning Process Summary

The majority of funding for state roads and bridges comes from state and federal fuel taxes. Other funding sources include vehicle sales taxes, vehicle and driver licensing fees, interest earned on invested funds and other miscellaneous collections.

These funds are available for MoDOT's operating and construction program budgets. MoDOT's operating budget includes staff and expenses for maintenance, fleet, facilities, information systems and administrative activities. The remaining funds are available for the Program, which is the largest area of MoDOT's budget. STIP funds are allocated annually to districts using the following formula (based on 2023 categories and amounts):

Once construction program funds are distributed to districts, MoDOT collaborates with regional planning groups to identify local priorities based on projected available funding. The regional transportation improvement plans are brought together to form MoDOT's Program. There are two types of regional planning groups in the state: urban areas have Metropolitan Planning Organizations, and rural areas have Regional Planning Commissions. Board members for each of these groups are typically city and county leadership, elected officials and local business owners.

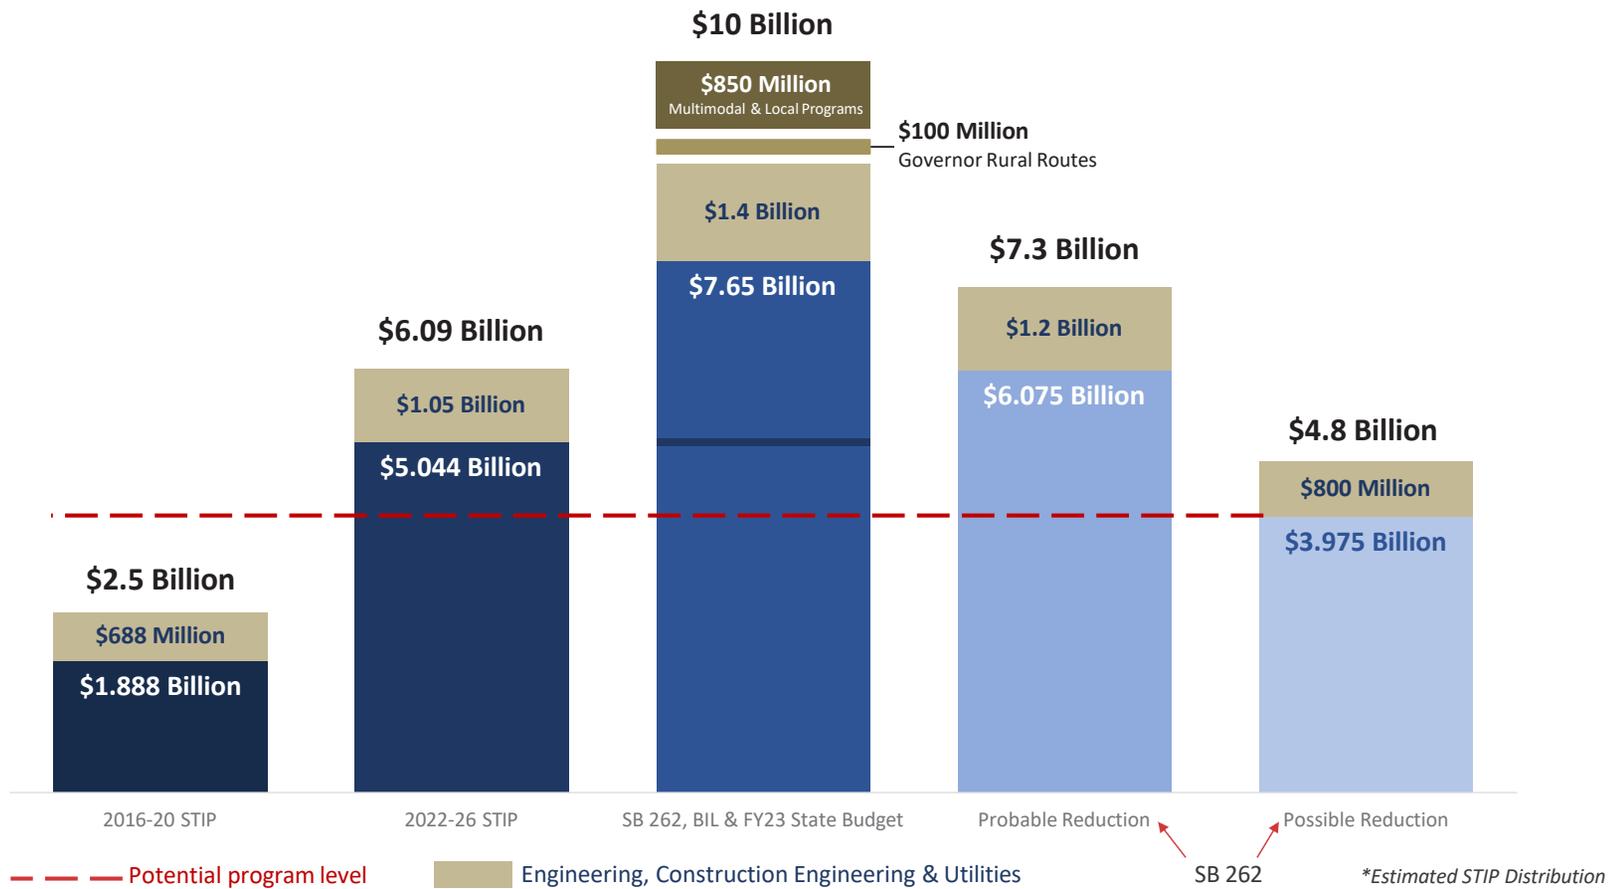

The regional planning groups reach out to local citizens to identify transportation needs. MoDOT staff assists regions to prioritize those needs based on road and bridge conditions, traffic safety data and overall mobility. The prioritization process also includes balancing priorities with available funds.

## Reference Information

<b>Asset Management</b>	A strategic practice focused on using limited resources for the preservation, operation and management of the state’s transportation infrastructure.
<b>Bipartisan Infrastructure Law (BIL)/ Infrastructure Investment and Jobs Act (IIJA)</b>	Authorizes federal surface transportation funding for highways, highway safety, transit and rail for the five-year period from October 1, 2021 to September 30, 2026.
<b>Capital Improvement Project</b>	A transportation improvement that substantially increases the capacity of the transportation system, such as new travel lanes, interchanges or bridges.
<b>CARES Act</b>	The Coronavirus, Aid, Relief, and Economic Security (CARES) Act provides economic stimulus to Americans in response to the economic fallout of the Coronavirus (COVID-19) pandemic.
<b>CRRSAA</b>	The Coronavirus Response and Relief Supplemental Appropriations Act was signed into law on December 27, 2020, to help mitigate the financial impact of the COVID-19 pandemic.
<b>Fiscal Year</b>	This is the 12-month period to which the annual Program budget applies. The State of Missouri fiscal year is July 1 through June 30. The Program fiscal year is July 1 through June 30.
<b>Focus on Bridges</b>	A program to repair or replace several of the state’s worst bridges. Projects are noted with a “FOCUS ON BRIDGES” watermark.
<b>Governor’s Rural Route Funds</b>	The Governor’s FY 2023 budget included \$100 million for rural low-volume routes across the state. Projects are noted with a “GOVERNORS RURAL ROUTE FUNDS” watermark.
<b>Inflation</b>	Three percent project growth factor compounded annually is applied to right-of-way and construction in programs years 2, 3, 4, and 5.
<b>Lane Miles</b>	Represents the centerline length multiplied by the number of lanes on pavement improvement projects.
<b>Length</b>	Represents the calculated centerline distance on a project based on the primary direction of each route.
<b>Payment Projects</b>	A transportation improvement project administered by a partnering agency. The funding represents MoDOT’s state and federal resources allocated to the project. Projects are noted with a “PAYMENT” watermark.
<b>SB262</b>	The 2021 senate bill increases Missouri’s fuel tax by 2.5 cents annually each year for five years from 17 cents to 29.5 cents in 2025, the first Missouri state fuel tax increase passed in 25 years.
<b>Est. Total Cost</b>	Represents the planning estimates of the total costs of the project. These include: preliminary engineering, right-of-way, utilities, construction and construction engineering.

# ABOUT THIS PROGRAM

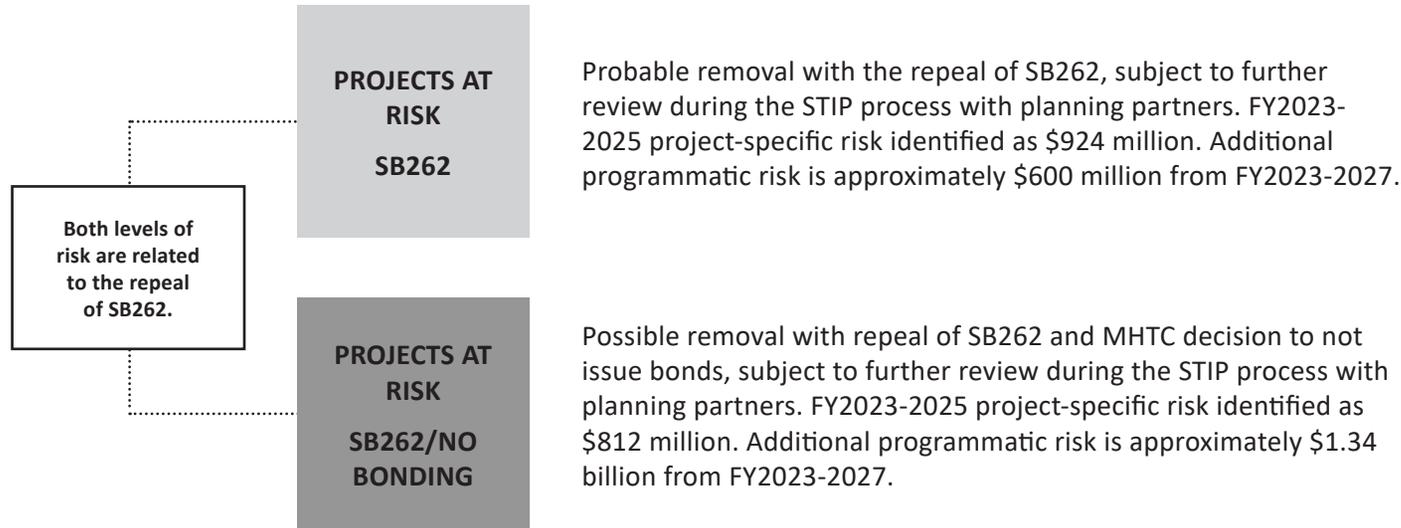

The annual Statewide Transportation Improvement Program (STIP), provides information regarding the different levels of available state and federal road and bridge funds. The 2021 passage of state Senate Bill 262 increasing the Missouri state fuel tax for the first time in 25 years as well as the increase in federal funds from the November 2021 Bipartisan Infrastructure Law (BIL) are shown in the list of projects on the following pages. Different levels of funding associated with SB 262, BIL and the potential debt issued by the Missouri Highways and Transportation Commission may affect this project list.

# ABOUT THIS PROGRAM

This Road and Bridge program of the STIP is not fully programmed as per our annual common practice. The last two years are programmed at 50% to accommodate any unforeseen changes.

Some projects on the page are grayed out. The gray colors represent the following:

PROJECT AND PROGRAMMATIC RISK OF SB262 REPEAL			
	IDENTIFIED PROJECT RISK (IN MILLIONS)	ADDITIONAL PROGRAM RISK (IN MILLIONS)	TOTAL (IN MILLIONS)
SB262	\$924	\$600	\$1,524
2B262/NO BONDING	\$812	\$1,340	\$2,152
TOTAL	\$1,736	\$1,940	\$3,676

# SUMMARY OF AT RISK PROJECTS

<u>County</u>	<u>Route</u>	<u>Job Number</u>	<u>Description</u>	<u>Length</u>	<u>Lane Miles</u>	<u>Number of Bridges</u>	<u>Est Total Cost (\$1000)</u>
ANDREW	RT B E	NW0008	Bridge rehabilitation in Atchison, Andrew, Buchanan and Holt Counties. Project involves bridges R0274, A1782, A2280, A2582, N0811 and A1906.	0.363	0.726	6	4,143
ATCHISON	MO 111 S	NW0006	Bridge replacement over Pike Creek Drainage Ditch 1.2 miles north of Rte. Z near Corning. Project involves bridge X0170.	0.011	0.011	1	686
ATCHISON	US 275 N	NW0055	Bridge replacement over the West Fork of High Creek and over High Creek near Rte. T. Project involves bridges J0221 and J0222.	0.22	0.44	2	2,844
ATCHISON	MO 46 E	NW0005	Bridge replacement over Little Tarkio Creek 0.4 mile west of Rte. MM near Fairfax. Project involves bridge T0103.	0.027	0.054	1	1,474
CALDWELL	RT D S	1S3414	Bridge replacement over Shoal Creek 3.5 miles north of Rte. HH and on Rte. E over Tom Creek 1.0 mile east of Rte. 13. Project involves bridge P0428 and N0318.	0.394	0.788	2	2,810
CLINTON	MO 33 N	NW0011	Pavement resurfacing from Rte. 36 to Rte. 116 near Plattsburg and from Rte. 116 in Lathrop to the Clay County line.	19.975	39.95	0	1,859
GENTRY	RT YY S	NW0007	Bridge replacement over Bear Creek 1.8 miles north of Rte. 169 near Gentry. Project involves bridge H0551.	0.116	0.232	1	1,701
HOLT	MO 111 N	NW0056	Bridge replacement over the Tarkio River near Craig. Project involves bridge T0104.	0.359	0.718	1	1,582
LINN	MO 5 N	NW0054	Pavement resurfacing from Rte. 36 to Rte. 6 north near Milan.	32.476	65.154	0	9,388
MERCER	RT E E	NW0059	Bridge rehabilitation over Little Medicine Creek 2 miles west of Rte. 139 near Harris. Project involves bridge A2636.	0.402	0.804	1	3,100
NODAWAY	US 71 S	NW0044	Pavement resurfacing from the Iowa State line to Rte. 148 north of Maryville.	21.545	43.09	0	6,146
NODAWAY	RT VV E	NW0046	Bridge replacement over Platte River 0.4 mile west of Rte. AH near conception Junction. Project involves bridge R0014.	0.207	0.414	1	2,867
PUTNAM	MO 5 S	NW0040	Pavement resurfacing and add rumblestrips from Rte. 136 east of Unionville to Rte. 6 north of Milan. \$770,000 Open Container funds.	20.667	41.334	0	10,049
LEWIS	RT C E	NE0027	Pavement improvement from Rte. 6 in Ewing to Rte. B in LaGrange.	14.38	28.76	0	1,485

# Operations and Maintenance Summary

## Calendar Year 2022 - 2024

The information contained on the following pages shows planned work as well as routine maintenance work for the next three calendar years. The planned maintenance work is programmed at 80% the first year, 60% the second year and 40% the third year. The routine maintenance work is a projection of responsive work for the next three years, based on historic data.
