

December 14, 2022

Dear Consultant:

The City of Springfield is requesting the services of a consulting engineering firm to perform the described professional services for the project included on the attached list. If your firm would like to be considered for these consulting services, you may express your interest by responding to the appropriate office, which is indicated on the attachments. Limit your letter of interest to no more than four (4) pages. This letter should include any information which might help us in the selection process, such as the persons or team you would assign to each project, the backgrounds of those individuals, and other projects your company has recently completed or are now active. It is required that your firm's Statement of Qualification (RSMo 8.285 through 8.291) be submitted with your firm's Letter of Interest, or be on file with the City of Springfield. The statement of qualification is not included in the total page count limit.

DBE firms must be listed in the MRCC DBE Directory located on MoDOT's website at [www.modot.gov](http://www.modot.gov), in order to be counted as participation towards an established DBE Goal. We encourage DBE firms to submit letters of interest as prime consultants for any project they feel can be managed by their firm.

It is required that your firm be prequalified with MoDOT and listed in [MoDOT's Approved Consultant Prequalification List](#), or your firm will be considered non-responsive.

We request all letters be received by 5:00 p.m., January 10th, 2023 at the Busch Municipal Building at 840 Boonville Avenue, Springfield, MO 65802. Address the submittal to: Ryan Schultz, Public Works.

The City hereby formally notifies all potential interested parties that it will affirmatively ensure disadvantaged business enterprises will be afforded full opportunity to submit statements of qualifications (SOQ) in response to this solicitation, and will not be discriminated against on the grounds of race, color, sex, or national origin in consideration of award.

Sincerely,

Ryan Schultz  
Senior Designer  
Transportation Management Division
