

Open House #2 Station Guide

Welcome! Thank you for attending tonight's Open House. The following guide is an overview of the information presented at each station. Project team members are available at every station to answer your questions.

Station #1 - Study Overview: At this station you will learn about the limits of the Route N Study, view a map of the study area, and see the study schedule.

Station #2 - Conceptual Alternatives: This station provides an overview of all of the Conceptual Alternatives that were reviewed and analyzed as potential options for addressing the issues along Route N.

Station #3 - Conceptual Alternatives Screening: Here you can review the evaluation and screening process for the Route N Conceptual Alternatives, and how they were narrowed to the Reasonable Alternatives based on the Study's Purpose and Need.

Station #4 - Reasonable Alternatives: At this station you can view the Reasonable Alternatives for Route N that are currently being evaluated.

Station #5 - Your Involvement and Input: This station provides information about the study's public involvement activities including ways you can be involved and provide your input about the Reasonable Alternatives.
