**ADDENDUM #1**

**RFQ 23-032 Prof. Svcs. Main St ATSPM Upgrades**  
**CMAQ – 9901 (676)**

Addendum #1 is being issued to provide answers to questions received concerning this RFQ.

Q: Does the County desire to see consultants apply for multiple projects?

A: Consultants may submit Statement of Qualifications for any/ all projects for which they believe they are competent and capable to provide service.

Q: Is it possible a consultant who submits a response to multiple RFQ's is selected for more than one?

A: Yes, if the County believes a consultant is competent, capable, and available, and it is advantageous to the County to do so, then the County may select a consultant to provide professional services for more than one RFQ to which the consultant has provided a qualifications response.

Q: For consultants seeking to submit qualifications to more than one open RFQ, does the County desire to see similar or different staff members listed for each response.

A: The evaluation team of County and City will evaluate each qualifications response based upon the Evaluation Criteria listed within the RFQ.

Q: Is the County seeking the selected Consultant to be responsible for the procurement of the ATSPM system?

A: The County intends to have an existing platform in place prior to the implementation of this project. As such, the County will seek assistance with procurement for integration of these signals into the existing platform.

Q: What does the County seek from the Consultant regarding the ATSPM module support mentioned in Task 3?

A: The County seeks for the Consultant to assist in the development of standard operating procedures, best practices, and performance reporting standards and tracking utilizing the ATSPM data and tools. This includes training staff in understanding and utilizing the ATSPM data and platform resources in daily operations, operational improvements, and in generating recurring reports for executives/ administration.
