

2024 Local Public Agency (LPA) Advisory Committee Application

Dear Local Program Partner:

Missouri's Local Program provides federal funding to cities and counties for improvements to roads, bridges, air quality, congestion, and more. MoDOT is reaching out to planning partners, consultants, cities, and counties across Missouri asking them to partner with MoDOT in an advisory capacity to continue improving Missouri's Local Program. This notice requests applications from those interested in serving on the LPA Advisory Committee.

Over the past several years, the LPA Advisory Committee has assisted MoDOT with policy decisions on distribution of funds, use of local forces, consultant selection, MoDOT review time, construction inspection, invoice implementation, and many other important topics related to Missouri's Local Program. The [current list of committee members](#) is attached with the term of their service. Thank you to those who have served and are currently serving. MoDOT is filling ~~six (6)~~**five** positions on the LPA Advisory Committee. Members will serve a three year term beginning in January 2024.

MoDOT will select new Advisory Committee members based on experience, diversity, and geographic location to ensure maximum practical representation and multiple points of view. The vacated positions will be filled based on the qualifications of the candidate, not the experience or geographic location of the previous members. All members of the Advisory Committee are expected to actively participate in quarterly meetings and respond to email requests throughout the year. Members have the opportunity to contribute to the development of policies, improve communication, and influence the direction of Missouri's Local Program.

If you are interested in serving on this committee, please complete the attached [application](#) and return by email to andrew.seiler@modot.mo.gov with the subject line "**2024 LPA Advisory Committee Application**." The deadline for accepting applications is **Friday, September 29, 2023**.

Please contact me at (573) 526-6997 if you have any questions. We look forward to receiving your application.

Sincerely,

Ashley Buechter, P.E.
Assistant State Design Engineer – Local Programs Administrator
