SUBJECT: Improve I-70 KC Design-Build
Early Release Documents

The Missouri Department of Transportation anticipates an upcoming Design-Build project on I-70 from The Paseo Boulevard to US 40 in Kansas City. The Request for Qualifications is anticipated to be issued in February 2024 and Request for Proposals (RFP) in April 2024.

MoDOT is releasing information pertinent to this project early. This information includes the approved Second Tier Environmental Impact Statement (EIS) Re-Evaluation document and related data. The EIS Re-evaluation document and related data can be found as early release information through the project SharePoint site. If you have previously been granted access to early release information you have access to the document. If you would like to receive access to this information, please send your request by email to improvei70kc@modot.mo.gov.

Please be advised that these files are for information only. Information will be clarified in the RFP document when released. Reception of this information will in no way guarantee that the user or their company will be shortlisted to compete for the project or awarded the project.

Sincerely,

Allan Ludiker, P.E.
Project Director
