

# Hall Street Improvements

Construction to begin Summer 2024

## Why Hall Street?

Hall Street was identified as a major freight corridor in the North Riverfront Commerce Corridor Land Use Plan as a major regional freightway asset.

Hall Street has also been identified by the St. Louis Regional Freightway as a 2024 Priority Freight Project.

Issues being addressed by this improvement project, which includes strategic lane reductions:

- Reduce the frequency and severity of flooding
- Improve safety for all vehicles
- Resurface roadway and improve railroad crossings
