**Clearly state your goal and action plan that will address drivers' safety issues in your school**

I want to have each student to sign & date a statement saying they will wear their seatbelts and not use their phone while driving. I plan on having the students involved in a question and

answer segment of the presentation. I want to ask the seniors “Who here does not always wear their seatbelt every time they get into a vehicle?” Also, I want to ask them other questions about why they may not be obeying the law. I want them to get involved with the presentation. Just two days ago, one of our seniors lost control of his vehicle and was not wearing a seatbelt. He is currently in the hospital in Memphis. This program is perfect timing for our students.
