After graduation students will ride a school bus to Incredible Pizza, Big Air and we will finish the night off with some ice cream at Andys to keep graduates safe that evening!

Clearly state your goal and action plan that will address drivers' safety issues in your school

Our goal is to educate each and every student on the importance of wearing a seat belt, along with driving or riding with some under the influence. Norwood Project Graduations teams up with the local Wright County Health Department. The Health Department loans us different

levels of intoxicated goggles, along with tricycles for students to practice driving. We set the course up in our multi-purpose gym and each student is required to wear at least 3 sets of goggles and drive the course with each set. We also show a safety video that informs drivers about smart decisions when getting behind the wheel. Videos that we require students to watch are Missouri strategic Highway Safety Plan, Safety Focus Areas, Buckle up Phone Down, and Smart Riders.
